GOODS AND SERVICES INFORMATION

For Building materials, not of metal, namely, fascia, soffits, shutters, shingles, siding, trim, cladding, decorative moldings, flashing; prefabricated elements, namely, prefabricated non-metal sheds; products for road building, namely, glass granules; non-metallic rigid pipes for building; asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal; storage tanks of masonry; non-luminous and non-mechanical signs not of metal; signalers, non-metallic, for streets, roads and railways; prefabricated piping of earthenware; prefabricated piping of sandstone; refractory materials, namely, bricks, concrete and mortars, for protecting furnaces; bituminous materials, namely, bituminous roof coatings; prefabricated construction materials not of metal, namely, fascia, soffits, shutters, shingles, siding, trim, cladding, decorative moldings, flashing; building materials, not of metal, namely, fascia, soffits, shutters, shingles, siding, trim, cladding, decorative moldings, flashing; natural and artificial stones, cement, limestone, mortar, plaster and gravel; risers; profiled and laminated pipes not of metal for buildings; concrete posts

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Paints; paints and varnishes excluding for insulation, lacquers; preservatives against rust and against deterioration of wood; dyestuffs; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Insurance underwriting; financial affairs, namely, credit and financial consultation, financial forecasting, financial planning; monetary affairs, namely, acquisition and transfer of monetary claims, money order services; real estate affairs, namely, real estate escrow services, real estate listing, real estate investment; provident funds; issuing of traveler's checks and letters of credit; real estate appraisal services; apartment building management; foreign exchange bureaux and debt settlement services; commercial lending services; stock and asset brokerage; real estate rental, valuation and lessor services; financing services

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Vehicles, namely, railcars, automobiles, motorcycles; Apparatus for locomotion by land, air or water or rail, namely, ships, boats, airplanes, refueling aircraft, automobiles, railcars, tanker railcars; electric vehicles, namely, railcars, automobiles, motorcycles; motors for land vehicles and parts thereof; pneumatic shock absorbers for land vehicles; drive belts and related gear changing mechanisms for land vehicles sold as a unit; air pumps for land vehicles; transmission shafts for land vehicles; engines for land vehicles and propulsion mechanism for land vehicles, namely, vehicle propellers

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Paper and cardboard in raw, semi-finished form or for stationery; printed matter, namely, maps, printed guide books featuring travel; drawing pins; bookbinding material; photographs; stationery; newspapers; adhesives for stationery and household use; paintbrushes; typewriters and office requisites except furniture, namely, adhesive tape dispensers, correcting fluid for type, finger-stalls, franking machines, envelope sealing machines, punches, rubber bands, staplers; instructional or teaching material except apparatus, namely, instruction sheets, manuals in the field of instructional math, teaching tiles; printing type; printing blocks; wrapping paper

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Pneumatic, hydraulic, thermal and nuclear machines, namely, block type thermal power stations for power generation, hydraulic engines and motors, pneumatic conveyors; turbines other than for land vehicles; compressors for machines; turbo-compressors as parts of machines, motors and engines; electricity and current generators; wind turbines, underwater generators, namely, hydroelectric generators, turbines activated by currents and tides and spare parts thereof; handling machines, especially for airport luggage, nuclear fuels and radioactive materials; machines for processing plastic; machines for the paper industry, namely, paper making machines; machines and apparatus for civil engineering, buildings, drilling, soil and exploration of the earth and sea-beds, especially concrete mixers, asphalt machines, grinding machines, centrifuges, crushing machines, hoppers; drainage machines, crushing rollers, extracting machines, filtering machines for chemical processing, drilling machines, tarring machines, mixing machines; sieve machines for sorting materials; gas welding machines, heating machines, namely, heat transfer presses, brazing machines, sawing machines, leveling mounts for machines, shearing machines, chemical fiber spinning machines, laminating machines for industrial use, cabling crane

machines, wire forming machines,assembling machines being a series of machines in an assembly line for assembling automobiles in successive stages; spare parts for the aforementioned machines; lathes; dynamos; alternators; pulleys being parts of machines; roller bridges, namely, roller conveyors; winches; cranes; jacks especially pneumatic and hydraulic jacks; pneumatic shock absorbers for machines; lubricator machines; air pressure reducing valves as parts of machines; power generators, namely, gas-operated power generators, electric power generators, drive belts and related gearings for machines; pumps, namely, electrical water pumps for spas and whirlpools; pumps as parts of machine, engine or motor parts; vacuum machines and apparatus, namely, commercial and industrial vacuum cleaners; agricultural instruments other than hand-operated, namely, combines, harvesters, threshers; motors and their parts and spare parts excluding those for land vehicles; machine coupling, non-electric and transmission components other than for land vehicles; washing apparatus, namely, washing machines and cleaning machines for floor cleaning machines; kitchen apparatus and machines, not hand-operated or electric, for mincing, grinding, pressing and cutting; presses for industrial purposes, namely, metal extrusion presses; steam generating apparatus, namely, steam-operated power generators being parts of machines; valves as machine components; regulators being parts of machines; machine, engine and speed governors; feed water regulators being parts of machines; pressure regulators being parts of machines; voltage regulators; magneto-gas-dynamic power generators; electrochemical generators; air filters for mechanical purposes; oil-well pumping equipment; filters for machines and engine parts, namely, oil, gas, air; filter presses;one-way valves, namely, non-return valves being parts of machines; machines and machine tools for clock and watch making; weaving looms for stationery purposes; rollers for stationery being parts of machines; watermark materials, namely, press rollers being parts of machines for watermarking; seals made of various plastics being parts of machines; fittings for engine boilers; pump diaphragms; molds being parts of machines; electric tin openers, electric whisks for household purposes; propulsion mechanisms other than for land vehicles, especially naval applications, namely, propellers for machines; spray guns for paint; lifts, other than ski-lifts, namely, car lifts, stair lifts; elevator lifts; electronic speed controllers for electric motors; electric motors, combinations thereof in variable speed drives, for machines; painting machines; automatic distribution machines for concrete, namely, concrete placing booms

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Installations and apparatus for lighting purposes, namely, lighting fixtures, lighting tracks, arc lamps, lighting tubes, landscape lighting installations; Air conditioning installations and apparatus; Installations and apparatus for heating purposes, namely, electric heating fans, heating furnaces, hot-air space heating apparatus, hot-water space heating apparatus; Installations and apparatus for steam generating purposes, namely, steam generators, steam valves, steam radiators for heating buildings; Installations and apparatus for cooking purposes, namely, cooktops, cooking ranges, domestic and commercial cooking ovens, microwave cooking ovens; Installations and apparatus for refrigerating purposes, namely, refrigerating machines, refrigerators; Installations and apparatus for drying purposes, namely, clothes dryers, hair dryers, electric hot air hand dryers; Installations and apparatus for ventilating purposes, namely, ventilating exhaust fans, ventilating fans for commercial and industrial use, ventilating louvers, ventilation hoods; Installations and apparatus for water supply and sanitary purposes, namely, toilets, sinks, bath tubs, and pipes being parts of sanitary facilities; draft regulators for heating purposes, namely, heating panels used for indoor heating purposes; sanitary installations and in

particular air filters for domestic use, and water filters;kitchen ranges, namely, gas and electric ranges; refrigerators; nuclear reactors; installations for processing nuclear fuel and nuclear moderating material; heating machines, namely, electric heating fans; boiler headers; faucets; electric lamp tubes; sockets for electric lamps; industrial water heaters; gas burners; shaped fittings for ovens and furnaces; sterilizers, pasteurizers for use in food, beverage, pharmaceutical; lighting apparatus for airport runways; filters for water units, air conditioning units being parts of household or industrial installations; dehumidifiers; apparatus and machines for purifying air and water

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Education, namely, computer education training, education courses relating to the travel industry, and providing classes, seminars, workshops in the field of business; training in the field of business; sporting and cultural activities, namely, organizing community sporting and cultural events; publication of books and magazines; lending of books; show and film production; rental of films, phonographic recordings, cinema projection apparatus and stage scenery accessories; organization of competitions relating to education or entertainment; organization and conducting of educational colloquiums, conferences, congresses; organization of exhibitions for cultural or educational purposes; booking of seats for shows; videotape editing; news reporter services; videotaping

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Vinyl acetate pastes; manure for agriculture; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances, namely, enzymes for use in the tanning of leather; adhesives for use in industry; fissile material for nuclear apparatus; fuel elements for reactors; oil and water purifying products, namely, chemicals for purifying oil and water

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Advertising; business management, business administration; providing office functions; distribution of prospectuses, of samples; arranging newspaper subscriptions for others; business consultancy, information or inquiries; accounting; document reproduction; employment agencies; computer file management; organization of exhibitions for commercial or advertising purposes; recording, transcription, composition, compilation or systemization of written communications and recordings; exploitation or compilation of mathematical or statistical data; business organization consultancy; administrative management of road, rail, port and air networks for others; rental of vending apparatus; administrative management of exhibition sites

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Construction of buildings; maintenance and repair of any apparatus, any equipment, any machines pertaining to the fields of electrical engineering, electronics, mechanical engineering, electrical power transmission, nuclear applications and locomotion especially railways, electrochemistry, civil engineering, building, drilling, earth and sea bed prospection, excluding all software programs and applications; Installation and maintenance of any apparatus, any equipment, any machines pertaining to the fields of electrical engineering, electronics, mechanical engineering, electrical power transmission, nuclear applications and locomotion especially railways, electrochemistry, civil engineering, building,

drilling, earth and sea bed prospection, excluding all software programs and applications; rental of construction machines and construction apparatus in the fields of mechanical engineering, electrical power transmission, nuclear applications, civil engineering, building, drilling, earth and sea bed prospection; turnkey plant construction; construction services for public and private building; engineering construction; construction work inspection; construction of civil engineering works; construction of rural buildings and facilities; drilling of wells; rental of builders' tools and equipment, bulldozers, tree extractors; maintenance and cleaning of buildings, premises, floors, renovating facades, disinfecting, and rat exterminating;laundry services, namely, upkeep and cleaning of various clothing articles; repair and modification of clothing; retreading or vulcanization of tires; shoe repair; construction of buildings, roads, bridges, dams or transmission lines; painting, plumbing, heating or covering installation work; shipbuilding; rental of construction tools or equipment; execution, namely, building and installation services for power transmission and distribution infrastructure projects; painting, interior and exterior; managing, namely, maintenance and repair of any apparatus, any equipment, any machines pertaining to the fields of electrical engineering, electronics, mechanical engineering, electrical power transmission, nuclear applications, locomotion, electrochemistry, civil engineering, building, drilling, earth and sea bed prospection, excluding all software programs and applications; automobile bodywork painting

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific, electrotechnical, nautical, acoustic, photographic, optical, measuring, signaling, regulating, controlling, protecting, monitoring, cutting, checking and supervisory, rescue and life-saving, and oceanological apparatus and instruments, namely, ultra-high vacuum chambers, electrotechnical vibration meters, underwater housings for cameras; acoustic meters and conduits; photographic cameras, filters and viewfinders; optical disk drives, optical filters; bevels, laser distance finders; signaling buoys, signaling whistles; voltage regulators, illumination regulators; electrical controlling devices; protection masks, protection eyewear; alarm monitoring systems, cameras for monitoring equipment in a nuclear power station; laser equipment designed for cutting optical lenses for eyewear; apparatus for checking temperature, pressure, quantity and concentration of gas and liquids; rescue flares, rescue sleds; ocean thermometers;surveying apparatus and instruments; cinematographic apparatus and instruments, namely, cameras, projectors; weighing apparatus and instruments; meteorological apparatus and instruments; electronic apparatus and instruments for controlling motors and engines; and electronic apparatus and instruments for controlling electric, electronic and computing equipment, namely, electrical controllers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; teaching apparatus and instruments, namely, artificial limbs for medical instruction purposes; electronic clinicians training simulators; apparatus for sound or image capture, recording, transmission or reproduction; blank magnetic data carriers, blank recording discs; mechanisms for coin-operated apparatus sold as a unit with automatic vending machines; cash registers; calculating machines; data processing equipment; fire-extinguishing apparatus; electric batteries and accumulators; fuel cells; cryostats; electric chargers; electric coils; electronic components in the nature of capacitators, connectors, filters, oscillators, relays, switches, transformers, resistors, semiconductors, integrated circuits, rectifiers, transistors; semiconductors; printed circuits; electron tubes; electric conductors; communication and power transportation wires and cables; sheaths and junction sleeves for electric cables, identification wires and identification sheaths for electric wires; welding equipment, namely, helmets, masks, transformers; electrical ducts; sub-stations, panels,

command and control panels and decentralized power generating stations all for the control of power generating facilities; high-voltage equipment, namely, circuit breakers, isolating switches, lightning conductors, current transformers for any voltage and of any kind, including optoelectronic, for internal, external stations or stations within metallic cases and metal-clad boxes; medium and low-voltage equipment, namely, panels and transformer stations, switches, isolating switches, contacts, lightning conductors, circuit breakers, fuses, resetting devices; transformers, electric sockets; commutators; branch boxes; transformers; circuit breakers; line insulators sold as a unit with kits for electrical protection devices in the nature of insulators, corona rings, armor-rods and surge arresters and metal hardware in the nature of suspension clamps, yoke plates, all of which attach or connect transmission conductors to high voltage electric transmission towers; electrical distribution stations; apparatus and installations for data capture, storage, calculation, conversion and transmission; computers and peripherals; equipment and installations for communication and telecommunication via wire, cable and radio, namely, fiber-optic transceivers, fiber optic repeaters, converters and optimizers, wave division multiplexers, free-space optics transmission systems, switches including Ethernet switches and routers, fiber-to-the-home and ethernet-over-VDSL access aggregators, terminators and repeaters, and remote presence management products, namely, switches, and console, alarm, sensor and power management devices; radio and television apparatus, namely, television apparatus for projection purposes, aeronautical radio communication apparatus; audio tape recorders; record players; compact disc players; telephones; optical and electro-optical equipment, namely, optical transmitters, optical transceivers; lasers for industrial use, lasers for measuring purposes, laser diodes; masers for use in atomic clocks;thermal detectors, namely, heat detection systems comprised of fiber optic linear loop configurations, heat detectors, monitors;pyrometers; calorimeters; thermocouples, metering apparatus, namely, acoustic meters, electric meters, pedometers, taximeters; regulators for speed, voltage and lighting for vehicles; speed checking apparatus for vehicles, namely, speedometers; alarm devices, namely, fire alarms, electronic door alarms; command transmitters, namely, radio transmitters for remote controls; electric warning light systems; luminous or mechanical signage; acoustic and optical signalers, namely, signal bells, traffic lights; sirens; communication and telecommunication equipment, namely, telephones, cables, exchangers, switches, towers; modulators, transmitters, receivers, aerials, wave guides all being equipment for television and radio broadcasting, for use by the general public and professionals; equipment for telephone call centers, namely, telephones, telephone call routers; printed circuits; intercoms; apparatus and instruments for infrasound measuring and analysis; rectifiers; amplifiers; radio guidance apparatus; loudspeakers; voltage intensity, power, control and frequency regulators; electric signs for streets, roads and railways; Access control and alarm monitoring systems with lighting bollards sold as a unit; static and rotary converters; energy converters; electric resistances; rheostats; capacitors, magnets; prefabricated electrical ducts; electricity conductors of all metals; electric household appliances; scales; thermostats; acoustic membranes; relays, namely, remote control relays, electric relays, protective relays and auxiliary relays; indicators, namely, pressure indicators, temperature indicators, electrical transducers and electronic control systems for surveillance, analysis and communication, for electrical networks and energy production stations and for electrical apparatus; metal-clad or conventional electrical stations for converting alternating current to direct current; metal-clad electrical control panels and substations for electrical transport and distribution networks; control monitoring systems for electricity networks; converter stations; compensators, particularly reactive energy compensators, electrical control panels; electric test equipment and stations for testing radio signal strength; programmable electronic controllers; equipment and apparatus for monitoring, operating and supervising automated industrial processes and for power production, transmission and distribution; monitoring, control and supervision

equipment and apparatus for industrial site, building and infrastructure access;industrial communication material and equipment, namely, signal conditioning and communication devices for industrial process control; programmable electronic controllers and peripheral equipment thereof; automation calculators; equipment and apparatus for electrical energy conversion; telecommunication equipment and apparatus for energy transmission lines, namely, cables for electrical and optical signal transmissions; printed electronic circuit cards; electronic microcircuits; execution and operation software for microcircuits or electronic cards; supervision and operating software for automated processes, namely, for the control and operation of automobile assembly lines; software for programming, execution and operation of equipment groups and equipment; illumination regulators; apparatus for airport runway marking, namely, luminous beacons

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Legal services; security services for the protection of property and individuals; clothing rental; security consultancy

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunications services, namely, personal communication services, ISDN services, telecommunications access services, data transmission and reception services via telecommunication means, telecommunications gateway services; news agency services for electronic transmission; providing news and information in the field of communications and telecommunications; communications by computer terminals; broadcasting of radio or television programs; rental of access time to a global computer network to gain access to adatabase server center

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Transport of goods; Transport of people; packing, handling, storage and delivery of goods; transport and distribution of energy; travel tour arrangement; delivery of newspapers; water and electricity transmission and distribution; ferry-boat transportation; loading and unloading of luggage and goods; marine towing, refloating of ships; garage rental; booking of seats for travel; rental of transport vehicles; rescue of vessels in distress and the cargo thereof; travel or goods shipping information; vehicle or goods inspection prior to shipping; rescue operations; operating road, rail, port and air networks, namely, transportation and delivery services by air, road, rail and sea; rental of any apparatus, any equipment, any machines for locomotion, particularly by railways

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Treatment of materials; galvanization; sintering of materials; processing plastic; electric welding; processing of agricultural goods of others, namely, wine making, distillation, threshing, fruit pressing, milling; metal sawing, planing, cutting, forming, polishing, coating; dyeing of cloth or clothing; fabric waterproofing; binding of documents; tin plating; air purification and regeneration; vulcanization; photographic printing; decontamination; printing

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Industrial oils and greases; all-purpose lubricants; products for absorbing, wetting and binding dust, namely, petroleum based dust absorbing compositions for use in sweeping, dust-binding compositions; motor fuels, fuels including motor spirit and illuminants; candles and wicks for lighting

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Rubber, gutta-percha, gum, namely, rubber gum, balata and substitutes, namely, synthetic balata; asbestos, mica; semi-finished plastics in form of sheets, plates and rods; plastics in extruded form for use in manufacture; sealing, packing and insulating material; flexible tubes, not of metal; sealing or insulating fittings for non-metal hose

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Scientific and technological services and research and design relating thereto, namely, evaluations, assessments and research in the fields of science and technology provided by engineers; computer programming, computer software design; technical project studies in connection with any apparatus, any equipment, any machines pertaining to the fields of electrical engineering, electronics, mechanical engineering, electrical power transmission, nuclear applications, locomotion, electrochemistry, civil engineering, building, drilling, earth and sea bed prospection; hydrodynamic studies and tests; engineering services and consultation including written experts reports provided in connection with the consultation; material and product testing; scientific laboratory services;scientific project studies for turnkey factories; geological prospecting; engineers' appraisals, estimates, research and reports; engineering, design, creation and follow-up of projects for turnkey power transmission and distribution infrastructure; oil-well testing; quality control for others

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Foil of tin, lead, aluminum and their alloys; welding products, namely, metal welding rods, welding wire; common metals and alloys thereof; copper clad laminates for use in the manufacture of printed circuit boards; shaped, finished or semi-finished products made with steel, iron and other common metals, of tin, lead, aluminum and alloys thereof, namely, shaped, finished or semi-finished products ; boiler-making and heating products, namely, exhaust vent hoses for external ventilation of furnaces, heaters, stoves and boilers; all semi-wrought materials made of copper and aluminum and alloys thereof, namely, semi-wrought copper and aluminum;spun, laminated products, namely, metal laminated leaf-springs; nickel silver and nickel alloys; bronze; metal building materials, namely, soffits, fascia, ceiling boards and floor boards; transportable buildings of metal; rails and other materials of metal for railway tracks, namely, railway points, railway crossovers; chains of metal; non-electric cables and wires of metal; non-electric locks of metal; small hardware of metal, namely, nuts, springs, pulleys, double-end swivels; metal pipes; metal safes; nails and metal screws; ores, namely, iron ores, copper ores, nickel ores; metallic storage tanks, metal containers for transport and storage of goods; metal valves,not being parts of machines; panels of metal for the manufacture of railway, road and street signs; prefabricated ducts of metal for ventilating installations, air-conditioning installations; metal wire for stationery purposes; metal sheets for stationery purposes; fittings of metal for windows; girders of metal; metal moulds for metal casting;portable risers of metal for performance groups; profiled and laminated pipes of metal for buildings; posts of metal; alloy and aluminum products for buildings, namely, soffits, fascia, ceiling boards and floor boards; booths of metal for paint-gun spraying; metallic fire doors;door closers of metal, non-electric

GOODS AND SERVICES INFORMATION

For Portable non-metallic buildings; prefabricated non-metallic buildings; non-metallic building materials, namely, soffits, fascias, non-metal ceiling boards and non-metal floor boards, wall panels and building flashing; non-metallic roofing materials including those incorporating photovoltaic cells, modules, inverters, panels, wafers, reflectors and collectors, namely, flashing, trusses, coverings, gutters, tiles, panels and hips; non-metallic masonry storage tanks

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Apparatus and equipment for lighting, heating, refrigerating, air-conditioning and drying, namely, solar reactors, solar powered lamps, solar water heaters, solar thermal installations being solar thermal modules, solar heat collection panels, solar powered cooling units, solar energy based cooling apparatus, solar thermal air systems for heating purposes, heat pumps, heat exchangers not being parts of machines, water heaters, heating systems for residential and commercial buildings comprised of boilers, valves, pipes, manifolds, solar panels, control panels, and switches all sold as a unit; solar and thermal collectors, energy receivers, reflectors in the nature of solar thermal modules and solar compound parabolic concentrators for concentrating and reflecting solar rays; solar and thermal heat collection panels for use in heating

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Construction, installation, maintenance and repair services for buildings, building materials, roofing materials, storage tanks, photovoltaic cells, modules, inverters, apparatus, instruments and systems, solar cells, panels, wafers, reflectors and collectors, apparatus, equipment and instruments for tracking, measuring, monitoring and optimizing energy generation, use and loads, environmental sensors, apparatus and equipment for lighting, heating, cooking, refrigerating, air-conditioning and drying, solar and thermal collectors, receivers, reflectors and concentrators, solar and thermal panels; installation of thermal or solar energy storage installations for heating; information, advisory and consultancy in the fields of construction, installation, maintenance and repair of buildings, building materials, roofing materials, storage tanks, photovoltaic cells, modules, inverters, apparatus, instruments and systems, solar cells, panels, wafers, reflectors and collectors, apparatus, equipment and instruments for tracking, measuring, monitoring and optimizing energy generation, use and loads, environmental sensors, apparatus and equipment for lighting, heating, cooking, refrigerating, air-conditioning and drying, solar and thermal collectors, receivers, reflectors and concentrators, solar and thermal panels

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Photovoltaic cells, modules, and inverters; solar cells, panels, wafers, reflectors and collectors for electricity generation; electronic apparatus, solar batteries, electronic equipment and instruments for tracking, measuring, monitoring and optimizing energy generation, use and loads; environmental sensors, namely, temperature sensors, humidity sensors and light sensors

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a series of stylized motor vehicles, caricatures of people facing forward and standing among the vehicles, a stylized motorcycle helmet, and the stylized words "BlueWill's VROOM LAND" at the far right-hand side of the design. The two letter "O"s in "VROOM" are replaced by the headlights of a stylized car. In the center of the foreground are two sports cars facing forward and angled slightly towards each other. Between them are a girl and a boy. The car on the left is a purple sports car with black windows and tires, white side mirrors, hub caps, and wheel trimming, a yellow helicopter propeller on the roof, a yellow tear drop design on the hood, and two eyeballs for headlights, the whites of the eyes are on the out portion of the eye and the brown iris and the black pupils are turned inward towards each other, below each headlight is a pink panel light. The car on the right is a blue sport car with a triple white streak running down the middle of the roof and the middle of the hood. The middle white streak is wide and the two outer white streaks are narrow border lines that, upon reaching the front end of the hood, extend curve along the front of the hood. This car has black windows and tires, white side mirrors, yellow tire rims, and two eyeballs for headlights, the whites of eyes are on the out portion of the eye and the blue iris and the black pupils turned inward towards each other. A black grill runs between the eyeballs. Above the center of the black grill and in the white streak on the car's hood is an oval blue emblem containing a capitalized white letter "H". A girl, facing forward, stands to the right of the purple car. She wears a purple skirt, a pink blouse with purple polka dots and short white sleeves, and pink boots with black soles. Her face is pale pink, her hair, eyebrows and eyelashes are black, her eyes are white at the outer edges, with a brown iris and black pupils. She has a purple bow in her hair. A taller boy, facing forward, stands between the girl and the blue sports car. His hair is orange and is pointed upward. He has black goggles siting on his forehead, his eye brows and eyelashes are black, his skin is pale pink, his eyes are white at the outer edges, with a brown iris and black pupils. He is wearing white t-shirt under a red tank top with a white capital letter "A" in its center of the tank top. The white collar, short sleeves, and bottom of the t-shirt are visible. The boy is wearing blue pants and is holding one end of a blue skateboard with a white stripe down its middle and two black wheels. The other end of the skateboard is touching the ground. In the background, from left to right, are a monster truck, a monster, a little girl, a monster unicycle,

three girl and boy, a tank, a fire truck, a dump truck, a three-wheeled vehicle, a fork lift, and the wording: "BlueWill's VROOM LAND". The monster truck is behind and to the left of the purple sports car, which is in the foreground. The truck is black with red side mirrors, red outlining around grey headlights, a red emblem on the hood, a red bull's horn on the front of both sides of the roof, red wheel rims, black over-sized tires, grey front axial and suspension, a black transmission, and a red bumper above which is a grill of grey shark-like teeth. To the right of the monster truck is a motorcycle helmet with a monster design. The helmet is black with three red ovals under the brim of the helmet, beneath which are a mouth design with grey shark-like teeth and a black interior. In front of the right side of the helmet is a little girl facing forward with a round turquoise hat, pale pink skin, black eyes, a long black coat, black pants, and a red and yellow tie. To her right is a monster unicycle facing forward with a red devil's face, orange bull's horns on the side of its face, black triangular-shaped eyes that are positioned diagonally with the narrow ends at the top, black vertical lines form teeth and a chin, a black curved bar connects the head to a red wheel cover below which sits a black tire. Another black bar extends from the right hand side of the face, like an arm, and a red and white boxing glove covers the end of this extremity. To the right of the unicycle is a heavy set boy facing forward with black hair, eyebrows and eyelashes, pale pink skin, a black and red turtle neck collar and a black, grey, and red shirt, a black belt, black pants, and black shoes. He holds one pink flower in his right hand and has another pink flower in his belt. To the boy's right are two women and a man, all of whom are facing forward and have black hair, eyebrows, and eyelashes, and pale pink skin. The first woman wears a pink dress with short sleeves, white stockings, and pink boots. The second woman, who is between the first woman and the man, wears a red dress with short sleeves, a grey belt, no stockings, and red boots. The man wears an open white lab coat under which is a black collared shirt, black pants, and black shoes. He has a white stethoscope hanging from his neck. To the right of the man is a gold and beige tank with black tracks, a silver turret ring, a gold and beige turret containing two eyeballs for headlights, the whites of eyes are on the out portion of the eyes and the brown iris and the black pupils are turned to the right, and gold and beige main gun. To the right of the tank is a red fire engine with black windows, black tires, red hubcaps, grey side mirrors and water canon equipment, yellow water hose nozzle, grey grill with shark-like teeth, a grey bumper, and eyeballs for headlights. The whites of eyes are on the out portion of the eyes and the orange iris and the black pupils looking toward the right. To the right of the fire engine is a green dump truck with black windows and tires, grey container and side mirrors, a green and black crane and claw, and eyeballs for headlights, the whites of eyes are on the out portion of the eyes and the green iris and the black pupils looking toward the right. To the right of the dump truck is a green three-wheeled vehicle with a black grill, steering wheel and tires, yellow, green and orange tire rims, and eyeballs for headlights, the whites of eyes are on the out portion of the eyes and the green iris and the black pupils looking toward the right. To the right of the three-wheeled vehicle and last in line is an orange fork lift with purple lifts connected by a white panel, black tires, a brown back, eyeballs for headlights, the whites of eyes are on the out portion of the eyes and the black pupils looking toward the right. Above the three-wheeled vehicle and the fork lift is the stylized word "LAND" in orange capitalized letters, above which is the stylized word "VROOM" in blue capitalized letters, the two letter "Os" are replaced by the design of car with its headlights forming the two letter "Os". The headlights are two eyeballs the whites of which are on the outer portion of the eyes and the blue iris and the black pupils are on the inside, turned inward towards each other. Above the word "VROOM", is a blue banner that rises diagonally beginning at the "V" in "VROOM" and ending at the "M" in "VROOM", inside the banner are the words "BlueWill's". The white

background is not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) purple, white, black, yellow, brown, pink, blue, red, orange, pale pink, grey, turquoise, gold, beige, silver, and green is/are claimed as a feature of the mark.
