GOODS AND SERVICES INFORMATION

For Pharmaceutical and veterinary preparations, namely, biological substances and chemicals for use in medical purposes and medical in vitro diagnostics purposes, namely, nucleic acids, enzymes, polymerases, molecular probes, buffer, aqueous and non-aqueous solutions of alcohols and salts, distilled and purified water, silica in powdered, granulate and gel form, magnetic particles in fluid form; in-vitro diagnostic preparations for medical purposes; diagnostic preparations for medical purposes; enzymes and preparations being diagnostic preparations for polymerase chain reaction (PCR) for medical purposes; all the aforementioned goods for medical or veterinary purposes

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Biological and chemical substances, for industrial, scientific and research purposes, namely, nucleic acids, enzymes, polymerases, reagents for staining or marking, molecular probes, buffer, aqueous and non-aqueous solutions of alcohols and salts, distilled and purified water, silica in powdered, granulate and gel form, and magnetic particles in fluid form, for laboratory and research use; enzymes and preparations for polymerase chain reaction (PCR) for chemical purposes; diagnostic preparations for scientific or research purposes; diagnostic substances in the nature of reagents for scientific or research purposes; all the aforementioned goods for industrial or scientific purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Scientific apparatus and instruments for laboratory use and for the conducting and evaluation of diagnostic examinations for medical laboratory and scientific purposes, namely, thermocyclers, for marking, separating, isolating, purifying, amplifying, and analyzing biopolymers, in particular, nucleic acids, proteins, macro molecules and biologically active substances, for laboratory or research use and computer hardware and recorded computer operating software for scientific apparatus, instruments and equipment; scientific apparatus and instruments for laboratory use, for use in amplification

procedures by use of polymerase chain reaction (PCR); plastic goods for laboratories, in particular microplates with and without reagents for laboratory use; lids for microplates; sealing foils for microplates; all the aforementioned goods for use in scientific research, clinical laboratory, medical research or non-medical diagnostic applications

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific and technological services and research services, namely, scientific research, analysis and testing in the field of clinical, veterinary, environmental and medical diagnosis in the field of molecular biology; technological consultancy services for scientific, technical laboratory and research purposes, namely, technological consulting services in the field of scientific research laboratories and medical diagnostic laboratories; providing technical support services in the nature of troubleshooting problems with in vitro diagnostic laboratory instruments, laboratory automation systems and for related software and computer hardware; providing electronic remote debugging services being IT services for laboratories in the field of in vitro diagnostic laboratory instruments, laboratory automation systems and for related software

CASE IDENTIFIERS

Serial Number 79326961 **Application Filing Date** Aug. 12, 2021 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Aug. 29, 2023

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the wording "S.G. SWEET & SAVORY" in white stylized letters within a curved brown banner outlined in light brown against a beige coat of arms outlined in light brown. Within the coat of arms is an image of a knight wearing silver grey armor, a red cloak, a gold sword, and a silver grey helmet with red, green, and yellow plumage. The knight is holding a brown lance with a silver grey tip. The knight sits atop a beige horse with golden hooves, donned in brown reigns and a blue, red, brown, and black saddle. The horses front legs are raised above a green dragon having yellow spines, white teeth, and a red eye. The wording "SINCE 1980" in beige appears at the lower part of the coat of arms. To the bottom left of the banner is a green triangular shape, and to the bottom right of the banner is a red triangular shape. **Color Drawing** Yes **Color Claimed** The color(s) white, brown, beige, silver grey, red, yellow, gold, blue, black, and green is/are claimed as a feature of the mark. **Disclaimer** "SWEET & SAVORY"

RELATED PROPERTIES INFORMATION

International Registration 1639627 **International Registration Date** Jul. 20, 2021

GOODS AND SERVICES INFORMATION

For Banking services; Online banking services; Real estate affairs, namely, valuations in real estate matters; Provident fund services, namely, mutual fund advisory services; Issuing of travelers' checks or credit cards; Real estate appraisals; Financial management; Real estate property management services, namely, rental property management; Financing services; Financial analysis; Raising debt and equity capital for others; Capital investment for others; Financial consultancy; Financial evaluation in the field of banking and real estate; Funds investment

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Computer peripheral devices; downloadable operating system programs; Recorded software programs for authenticating transactions on blockchain networks against potentially insecure computers on these networks; Downloadable computer software applications for use for storage of private keys; Integrated circuit card, namely, blank smart card; Printed circuit boards; Blank USB flash drives; Computer hardware; Safety tokens being encryption devices, namely, security token hardware; Downloadable computer programs for decrypting and encrypting digital files and encryption logic circuits; Apparatus and equipment for data processing; Computer peripheral devices with secure microprocessor; Downloadable computer operating software for use in chips, integrated circuits, and microcircuits for memory cards; Downloadable operating system software and programs for chip card readers; Downloadable computer software for microprogramming and encoding, namely, computer software systems for encryption of cryptography keys, certificates and data; Chips, namely, integrated circuits; Electronic chips for the manufacture of integrated circuits; Computer chips; Integrated circuits; Printed electronic circuits for integrated circuit cards; Microcircuits; Secure microprocessors; Integrated circuit cards; Cards with integrated

microcircuits; Integrated circuit cards, namely, blank smart cards; Electronic key cards; Non-contact magnetic identifying cards, blank electronic smart cards, and blank electronic chip cards; Downloadable computer software for use as an electronic wallet; Electronic card readers for use with smart cards, chip cards, cards with integrated circuits and microcircuits, and integrated circuit cards; Data processing apparatus and equipment that works with chip cards, integrated circuit cards and microcircuit cards; Computers for access and access control to data processing apparatus and equipment; Identification and authentication devices for apparatus and equipment for data processing, namely, iris recognition security devices; Downloadable computer software programs and electronic circuits for use in the encryption and decryption of digital files; Recorded computer software to enable secure transactions in cryptocurrency on the blockchain network through cryptocurrency application isolation, recovery phrase isolation, and genuineness verification; Downloadable computer software to enable secure transactions in cryptocurrency on the blockchain network through cryptocurrency application isolation, recovery phrase isolation, and genuineness verification; Recorded operating system programs

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing telecommunications connections to the internet or databases; Providing information relating to telecommunications; Communications by computer terminals and by fiber-optic networks; Communication services, namely, electronic transmission of data and documents among users of computers communications by radio and telephone; Mobile radio telephony services; Providing user access to global computer networks; Providing online forums for transmission of messages among computer users; Providing access to databases; Telecommunication services, namely, electronic bulletin board services; Providing telecommunications connections to a global computer network; News agencies, namely, the transmission of news items to news reporting organizations; Rental of telecommunications apparatus; Transmission and broadcasting of radio and television programs via satellite and the internet; Teleconferencing and video conferencing services; Electronic messaging services; Rental of access time to global computer networks; Providing temporary access to the Internet for using online of non-downloadable software enabling users to program audio, video, text and other multimedia content; Providing internet access as a service provider for users

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Computer programming; Assistance and consulting services in connection with the development of computer software systems, computer software applications, and database software; Computer system analysis; Data encryption services; Computer system design; Conducting of technical project studies, namely, research of computer software; Consultant services relating to internet security; Consultant services with respect to data security; Technological consultancy services in the technology field of blockchain technology and digital assets; Information technology consultancy services; Computer software consultancy; Consultation regarding computer security; Software development and design; Consulting services in the field of software as a service (SAAS); Rental of computer software for securing cryptographic private keys to authenticate transactions on the blockchain and in the cloud; Updating computer software; Electronic data storage; Design and development of computer hardware systems and telecommunication computer hardware systems comprising memory cards and electronic chip cards; Design and development of computers and software; Programming for computers; Technical consulting relating to the design and development of integrated circuit cards and smart cards; Research and development of new products; Technical research in the field of blockchain technology and digital asset technology; Engineering, custom computer programming, and implementation of software, chip cards, integrated circuit cards, microcircuit cards, memory cards, magnetic cards, electronic

cards, and contactless cards for the purpose of productization of electronic components and electronic systems; Creating website based indexes of information for others using information technology; Rental of computer software applications for application management for third parties; Computer services, namely, creating an online community enabling registered users to participate in discussions, receive peer feedback, create virtual communities, and engage in social networking in the field of software development

GOODS AND SERVICES INFORMATION

For Finger guards for medical purposes; ice bag pillows for medical purposes; dropping pipettes for medical purposes; prosthetic and filling materials, namely, artificial materials for use in the replacement of bones; esthetic massage apparatus for industrial purposes; medical machines and apparatus, namely, medical ventilators and blowers for medical ventilators; pumps for medical purposes, namely, pumps for medical ventilators; monitors and sensors for invalids, namely, patient monitors and sensors for monitoring and measuring pulse, temperature, blood pressure, consciousness and reflex; infrared X-ray CT scanners for medical use; electric massage apparatus for household purposes; electric massage apparatus, namely, electric massage chairs, electric massage rollers; computer-controlled automatic fluid injection devices for medical use; replacement parts and fittings for all the aforementioned goods

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Traction engine; ropeways being aerial conveyors for cargo or freight handling; non-electric prime movers for land vehicles in the nature of motors and engines for land vehicles not including their parts; mechanical elements for land vehicles, namely, brakes, brake boosters, suspension struts, drive shafts, air springs, valves, cocks, cylinders, transmission shafts, axles or spindles, and electronic power steering apparatus consisting primarily of steering brakes, steering wheels, and hydro torque converters for land vehicles; anti-theft alarms for vehicles; wheelchairs; AC motors and DC motors for land vehicles; vessels being boats and ships; aircraft; railway rolling stock; automobiles, automobile engines; motorcycles, electric-assisted bicycles; sleighs and sleds being vehicles; automatic guided vehicles; car dumpers, namely, unloading tipplers for tilting railway freight cars; electrically-operated side and rear view mirrors for automobiles; electronic mirrors for vehicles; transmission actuators for land vehicles; transmissions for land vehicles; motors for power windows for vehicles; fork lift trucks and their replacement parts and fittings; civilian drones; photography drones; delivery drones; motors for drones, other than toys; electric vehicles, namely, electric cars, electric bikes, electric motorcycles, electric scooters, self-balancing one-wheeled

electric scooters, push scooters, wheeled personal mobility, and their replacement parts and fittings; control valves for use as integral components of automatic transmissions for vehicles; undercarriages for automobiles; undercarriages for electric vehicles; platforms in the nature of chassis for electric vehicles that include electric powertrain and vehicle control unit; automobile chassis; in-wheel motors for electric vehicles; electric drive motor axle with integrated reduction gears; traction motors for electric vehicles and motorcycles; motor modules for land vehicles, said module being comprised of integrated driving motors, inverters and gears; motor modules with Electronic Control Unit (ECU) for vehicles, said modules being comprised of electric power steering motors and ECUs; motors for Electronic Stability Control (ESC) of vehicles; stepping motors being parts of land vehicles, for use in suspension oil valve control; Anti-lock Braking System (ABS) for automobiles; mobility scooters; land vehicles in the nature of a connected car, being a vehicle with internet access, enabling the vehicle to communicate with other devices both inside and outside the vehicle; driverless cars being autonomous cars; automatic guided vehicles for use in delivery and warehousing; tractors; replacement parts and fittings for all the aforementioned goods

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Metalworking machine tools; mining equipment, namely, drive systems comprising an electric power inverter and electronic power controller for belt conveyors, power drills, mechanical shovels, dragline excavators, mechanical and electric mine-hoists; heavy earth moving machinery, namely, excavators, loaders, and powertrains for said goods; loading-unloading machines; fishing equipment, namely, net haulers, trawl winches, cranes for fishing net; chemical processing machines and apparatus, namely, blending machines, spinning machines, drying machines, agitating machines, absorbing machines, filtering machines, dissolving machines, separating machines; textile machines and apparatus, namely, bonding machines, calendaring machines, scotching machines; food or beverage processing machines and apparatus, namely, electric food processors; lumbering, woodworking, or veneer or plywood making machines and apparatus, namely, lumbering band saws, woodworking saw-tooth machines, woodchippers, log-peeling lathe machines; printing or bookbinding machines and apparatus for commercial or industrial purposes; sewing machines; shoe making machines; leather tanning machines; tobacco processing machines; glassware manufacturing machines; painting machines; packaging or wrapping machines; power-operated potters' wheels; plastic processing machines; semiconductor manufacturing machines; machines and apparatus for manufacturing rubber goods, namely, rubber processing machines, rubber manufacturing machines and rubber forming machines; stone working machines; non-electric prime movers, not for land vehicles, in the nature of wind turbine generators, hydro power generators, solar power generators, diesel engines; parts for non-electric prime movers, namely, drive systems, brake motors for mechanical drive, oil pump motors, fan motors, speed motors, encoders, inverters, power converters, all for use in connection with non-electric prime movers, sold as components of non-electric prime movers; hydraulic power units; wind powered electricity generators; adhesive tape dispensing machines; automatic stamping machines; vending machines; fuel dispensing, hydrogen dispensing pumps for service stations; clothes washing machines; electric washing machines for industrial purposes; electric washing machines for household purposes; mechanical parking systems; vehicle washing installations; electric food blenders for commercial use; electric food peeling machines for commercial use; electric food chopping, slicing machines for commercial use; dishwashers; dishwashers for industrial purposes; dishwashers for household purposes; vacuum cleaners; electric wax-polishing machines for industrial purposes; vacuum cleaners for industrial purposes; electric wax-polishing machines for household purposes; vacuum cleaners for household purposes; power-operated sprayers for disinfectants, insecticides, and deodorants, not for agricultural purposes; machine elements, not for land vehicles, namely, shafts, axles, spindles, bearings being parts of machines, shaft couplings and connectors, power transmissions and gearing for

machines not for land vehicles, brakes, valves being parts of machines, ball bearings being parts of machines, blades holders being parts of machines, joints being parts of machines, brushes being parts of machines, cranks being parts of machines, drill chucks being parts of machines, drums being parts of machines, filters being parts of machines, feeders being parts of machines, guards being part of machines; lawnmowers; curtain drawing devices, electrically operated; electric door openers and closers; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; 3D printers; starters for motors and engines; AC motors and DC motors, not including those for land vehicles; AC generators being alternators; DC generators; electric food mixers for household purposes; dynamo brushes; industrial robots; industrial robots for transport, conveying, pick up, delivery, lifting, and mechanical handling; autonomous mobile industrial robots that have functions to follow a human, a cart or other delivery vehicles by autonomous operation; parts for non-electric prime movers for land vehicles, namely, solenoid valves, spool valves, for use in connection with prime movers; pivot assembly bearings being machine elements; precision dispensers for applying fluids, namely, adhesives, greases, lubricants for use in motor manufacturing equipment; adhesive dispensers for use in motor manufacturing equipment; high precision small press machines for automated forming of small precision parts in motor manufacturing equipment; ultraviolet irradiation devices for accelerating the curing of adhesives for use in motor manufacturing equipment; constant temperature heating device in the nature of heat exchangers being parts of machines for use before press-fitting process of small parts for motor manufacturing device; industrial machinery being thermal reservoirs for promoting adhesive curing for manufacturing motors; industrial machinery being motor break-in devices for completed motors; automatic screw tightening machines for use in motor manufacturing equipment; automatic soldering apparatus, electric, for use in motor manufacturing equipment; laser engraving machines featuring laser markers for printing lot numbers for use in motor manufacturing equipment; lathes for small machine parts for use in motor manufacturing equipment; magnetizing machines for electronic components for use in motor manufacturing equipment; gas-operated soldering apparatus; gas-operated soldering torches; gas-operated soldering irons; industrial machines for mounting electronic components on printed circuit boards; coil winding machines for stators and rotors of electric motors; electric oil pumps for use in cooling or lubrication of motors of land vehicles; electric water pumps for cooling inverters in electric or hybrid vehicles; electric water pumps for land vehicles; wafer transfer industrial robots for semiconductor manufacturing machines; industrial robots being liquid crystal glass substrate handling robots; industrial robots; AC servo motors; DC servo motors; reduction gears being parts of machines; coreless motors for machines, not including those for land vehicles; gear motors not for land vehicles; brushless motors for machines, not including those for land vehicles; brushed motors for machines, not including those for land vehicles; fan motors for indoor units of air conditioners; fan motors for outdoor units of air conditioners; compressors for refrigerators; motors for clothes washing machines; electric pumps for water supply, drainage, irrigation; pumps for circulating rinse water in dishwashers; robotic vacuum cleaners and their replacement parts and fittings; electric motors for vacuum cleaners; brushless DC motors for use in industrial and commercial machines; electric opening and closing mechanisms for shutters for roller-shutters; home elevators; stairlifts; induction motors for machines; asynchronous motors not for land vehicles; clay kneading machines for manufacturing pottery; raw material mixers for household, industrial use in manufacturing pottery; pug mills being machines, namely, machines for milling clay for pottery; fans for motors and motors for medical machines and apparatus; fans for motors and motors for dental apparatus

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Toilet units, namely, toilet seats and toilet bowls with integrated bidet water jets; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; ice-cream making machines for industrial purposes; industrial furnaces; industrial boilers; air conditioners for industrial purposes; freezers for industrial purposes; laundry dryers, electric, for industrial purposes; water control valves for water faucets; garbage incinerators for household purposes; water purifying apparatus for industrial purposes; electric lamps; household electrothermic appliances, namely, electric radiant heaters, electromagnetic induction cookers, induction heaters; washers for water faucets; gas water heaters for household purposes; household tap-water filters, non-electric; non-electric stoves, namely, biomass stoves, pellet stoves; industrial deep fryers; industrial rice cookers; electric cooking pots for commercial use; electric roasters for commercial use; microwave ovens for industrial purposes; air conditioners and their replacement parts and fittings; ice machines and apparatus; electric fans for household purposes and their replacement parts and fittings; laundry dryers, electric, and their replacement parts and fittings; ceiling fans; air conditioning installations for commercial use and their replacement parts and fittings; calcining kilns; electric kilns for ceramic art; fire hydrants; replacement parts and fittings for all the aforementioned goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Repair of bicycles; repair or maintenance of automobiles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of optical machines and apparatus; repair or maintenance of photographic machines and apparatus; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of office machines and apparatus; installation and maintenance of air conditioning apparatus for industrial purposes; installation and maintenance of heating equipment; burner maintenance or repair; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus for industrial purposes; repair or maintenance of electronic machines and apparatus; repair or maintenance of powertrains for tractors, excavators, loaders; repair or maintenance of consumer electric appliances; repair or maintenance of electric lighting apparatus; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of electric motors; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of metalworking machines and tools; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of agricultural machines and implements; repair or maintenance of plastic processing machines and apparatus; repair or maintenance of mechanical parking systems; repair and maintenance of 3D printers; repair or maintenance of musical instruments, namely, music boxes; repair of toilet seat with electric washing water squirts; repair of fans for motors and engines; repair or maintenance of computer hardware; repair or maintenance of automotive mechanical elements, namely, brakes, brake boosters, suspension struts, drive shafts, shock absorbers, air springs, valves, cocks, cylinders, transmission shafts, axles or spindles, electronic power steering apparatus in the nature of steering brakes, steering wheels, and hydro torque converters for land vehicles; repair or maintenance of brakes being machine elements, not for land vehicles; repair or maintenance of bearings being machine elements, not for land vehicles; repair and maintenance of electric vehicles and parts thereof; charging of electric vehicles; installation of equipment and systems for vehicle battery charging for electric vehicles

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Ozonisers being ozonators; electrolysers; egg-candlers; cash registers; coin counting or sorting machines; photo-copying machines; time and date stamping machines; punched card office machines; voting machines; electronic mechanisms for coin-operated car parking gates; fire extinguishers; fire hoses; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; anti-theft warning apparatus, not for motor vehicles; protective helmets; railway signals, luminous or mechanical; vehicle breakdown warning triangles; luminous or mechanical road signs; divers' apparatus, namely, air tanks, diving suits, snorkels, rebreathers, regulators, decompression chambers, breathing apparatus for underwater swimming; simulators for the steering and control of vehicles; electronic sports training simulators; laboratory apparatus and instruments, namely, centrifuges, homogenizers; photographic apparatus and instruments, namely, cameras, lenses for cameras, mechanical shutters for digital cameras, photographic projectors; cinematographic machines and apparatus, namely, cinematographic cameras, cinematographic projectors; optical machines and apparatus, namely, laser scanners; electrical power distribution units; rotary converters; phase modifiers; solar batteries; electrical batteries and cells; electric or magnetic meters and testers; electric wires and cables; telecommunication devices and apparatus, namely, mobile phones and telecommunication devices and apparatus, namely, mobile phones and telecommunication hardware in the nature of wireless receivers and transmitters, radio transmitters and receivers, facsimile machines, audio frequency transmitters, TV sets, television transmitters, radio receivers, radio transmitters, wireless communication devices featuring voice, data and image transmission, navigation apparatus for vehicles on-board computers, compact disk players, electric phonographs, record players, sound recording machines and apparatus, digital cameras, video cameras, camcorders, video disk players, videotape recorders, DVD players, DVD recorders; personal digital assistants (PDAs); electronic machines and apparatus, namely, computers and computer peripherals; magnetic cores; resistance wires; electrodes; fire boats; satellites for scientific purposes; fire engines; dust masks; gas masks; welding masks; fireproof garments; fire resistant hoods; gloves for protection against accidents; spectacles; downloadable computer game programs for home video game machines; protective helmets for sports; sports whistles; weight belts for divers; metronomes; electronic circuits and multimedia software recorded on CD-ROMs featuring automatic performance programs for electronic musical instruments; electronic phasers for electric and electronic musical instruments; phonograph records featuring music; digital music files downloadable from the Internet; exposed cinematographic films; exposed slide films; slide film mounts; encoders; sensors in the nature of electronic proximity switches, electronic proximity sensors, electronic gear sensors, electrical pulse transducers, electromagnetic sensors, electronic toner concentration measurement sensors, electronic current displacement sensors, electronic bill discrimination sensors being electronic bill discrimination sensors, namely, magnetic sensors for detection of magnetic imprints for use in identifying the authenticity and type of bills, electronic wheel detection sensors for train approaches, electronic angle measurement sensors; tachometers; dimensional inspection equipment for inspections of components manufactured in motor manufacturing processes, namely, 3D scanner, laser measurement system; electrical characteristic inspection equipment for motor manufacturing equipment, namely, electric motor testing equipment used for measuring electrical current, electrical resistance, insulation resistance, dielectric strength, inductance, vibration, sound pressure, positional tolerance, revolutions-per-minute, torque, of electrical motors; vibration test equipment for motor manufacturing equipment, namely, vibration meters, vibration analyzers; electronic adhesive defect detection tester for motor manufacturing equipment; abnormal noise detection device for use in testing motors during operation of completed motor for motor manufacturing equipment; torque testing devices used for testing the amount of torque being applied to components

manufactured in motor manufacturing processes; testing apparatus for testing printed circuit boards; DC power supplies, high-frequency switching power supplies; electrical power supplies; battery chargers; power conversion devices, namely, power converters, and power inverters; magnetometers in the nature of a magnetic field measuring apparatus for use in motor manufacturing equipment; wireless communication devices for voice and data transmission; heat sinks with integrated electric cooling fans for use in electronic components; alarm, optical, pressure, fluid leak, current leak, magnetic quantity sensors; scanners being data processing equipment; laser scanners, namely, polygon laser scanners for industrial inspection; polygon mirrors for use as integral components of precision digital copiers and laser printers; camera modules comprising lenses, image sensors, circuit boards, connectors for use in connection with ADAS (Advanced Driver Assistance System); sensors that detect tilt angle of a head of driver being drowsy or distracted; electric sensors for vehicles; millimeter-wave radars being radar object detectors for vehicles; interchangeable lenses for surveillance cameras; cameras mounted on vehicles for environment and object recognition; rearview cameras for vehicles; infrared cameras; shutters for infrared cameras; solenoid valves; DC/DC converters; electronic power steering control unit; car navigation computers; internal cooling fans for car navigation computers; internal cooling fans for car audio equipment; automotive electric relays; drone cameras; camera modules for recording and processing images for industrial robots; computer hardware and downloadable computer software to enhance the tactile, vibration and feedback provided by electronic devices; heatsinks with heatpipes for use in electronic devices and applications; heatsinks with heatpipes for use in telecommunication equipment; heatsinks with heatpipes for use in mobile electronics devices; heatsinks for use in computers; tablet computers and their replacement parts and fittings; touch pads; smartphones and their replacement parts; electronic display interface for smartphones and tablet computers; smart watches; touch screens for automotive navigation systems; camera modules for use as integral components of digital cameras and smartphones; optical lenses for camera modules for use as integral components of digital cameras and smartphones; shutters for digital cameras; surveillance cameras and their replacement parts and fittings; fuel cells and replacement parts therefor; DNA chips; potentiometers being variable resistors or an adjustable voltage divider for measuring electromotive force to control the flow of electric current by comparison with a known voltage; optical potentiometers being position sensor for measuring displacement in any direction; digital potentiometers being a variable resistor which is controlled by digital signals instead of by mechanical movement; electric switches; electronic components, namely, electrical DIP switches, electrical detection switches; electrical rotary switches, electrical toggle switches, electrical lever switches, electrical rocker switches, electrical push-button switches, electrical slide switches; variable electrical signal attenuators; encoders being measurement instruments; joystick encoders; rotary encoders; linear encoders; pressure sensors; pressure switches and sensors for monitoring, controlling, and switching hydraulic or pneumatic systems; pressure measuring apparatus; manometers; handheld manometers; liquid leakage sensors; electronic card readers, magnetic coded card readers; magnetic encoders; inverters; electronic power supplies; electric contacts; automated visual inspection machines with incorporated 3D scanning technology; 3D scanners; automated inspection machines for the inspection of defects on cylindrical bore inner surface; image scanners; micrometers; load meters being digital force gauges used to quantify the magnitude of the force applied to an object for testing and quality control purposes; torque meters; electronic control unit (ECU) for automobiles, said unit being comprised primarily of electronic circuit boards, microchips, a computer with embedded computer software for controlling electrical systems in motor vehicles; electronic control devices for self-driving and autonomous vehicles; electronic control units for vehicle navigation, said units using signals from navigation system; electronic control devices for controlling and monitoring automatic transmissions; electronic control devices for controlling and monitoring automotive anti-lock braking system (ABS); electronic control devices for controlling and monitoring electric power steering; electronic controller for controlling and

monitoring motor vehicle braking; electronic control units in automobiles for controlling and monitoring navigation; electronic control units for controlling and monitoring automatic transmission control based on input from traffic monitoring system; electronic control units for controlling and monitoring suspension shock absorbers using signals from road condition sensors; electronic control units for controlling and monitoring vehicle headlights using signals from road condition sensors; ADAS (Advanced Driver Assistance Systems) controllers, namely, ADAS electronic control units being a driver safety system using radar, lasers, cameras, sensors to warn drivers of front collision, pedestrian collision, lane departure, driver drowsiness, blind spot, enabling automatic emergency braking; downloadable computer programs for controlling and monitoring the autonomous driving of vehicles; in-vehicle safety sensors that detect vibrations of the vehicle bodies; internet connected devices in the nature of telecommunications computer hardware, data transmitters, data processors and data receivers equipped in connected cars that transfer the data collected from in-vehicle sensors to external recipients through the Internet; electric batteries for electric vehicles and electric motorcycles; wireless communication devices for data transmission in vehicles; battery chargers; charging stations for electric vehicles; power management devices, namely, battery management systems comprised of battery chargers for charging multi-cell battery packs, monitoring devices and charge controllers for monitoring battery performance characteristics and controlling charging of batteries; electronic controllers for industrial robots; electrical power window switches for motor vehicles; electric opening and closing mechanisms for shutters for photographic cameras; replacement parts and fittings for all the aforementioned goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Surveying; designing of machines, apparatus, instruments, including their parts, or systems composed of such machines, apparatus and instruments; design services, namely, motor vehicle parts design services, electronic and electrical systems design services; computer software design, computer programming, and maintenance of computer software; testing or research on manufacturing industrial, commercial machines, apparatus and instruments; engineering; advice relating to the design of computer hardware; research and development of new products for others; calibration being measuring services; mechanical research; design and development of vehicles and parts therefor; design and development of electric vehicle structural parts; design and development of electric vehicle powertrain; design and development of electric vehicle battery pack; design and development of battery management systems; design and development of mechanical components for vehicles; design and development of platforms in the nature of chassis for electric vehicles; design and development of vehicle frame and chassis; provision of temporary use of non-downloadable computer programs for managing the operation of automated guided vehicles via a website; testing, research, design, and development of autonomous driving technology, automated guided vehicles and computer software for automated guided vehicles and advisory services, providing information, and consultancy relating thereto; updating of computer software for ADAS (Advanced Driving Assistant System); quality control of automobiles; automotive safety testing, namely, conducting crash tests; providing quality assurance services for automobiles

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1646263 **International Registration Date** Nov. 05, 2021

GOODS AND SERVICES INFORMATION

For Flower and plant cultivation trays; holders for flowers and plants

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Processed fruits, fungi, vegetables, nuts and pulses; soups, prepared meals, convenience food and savoury snacks, namely, prepared meals consisting mainly of vegetables; prepared salads, excluding macaroni, rice, and pasta salad; snack foods based on vegetables; snack foods based on fruit; snack foods based on nuts; potato-based snack foods

International Classes 29 - Primary Classes **US Classes** 46 **International Class Title** Meats and Processed Foods

For Plant racks; plant stands; non-metal plant hangers; non-metal plant markers; water tanks of plastic for household, industrial, and agricultural purposes; drain valves made of plastic not being machine parts; drain trap valves of plastic not being machine parts; containers, not of metal or paper for storage, transport; closures, not of metal, for containers; valves of plastic not being machine parts; non-metal clamps; non-metal cup hooks; plastic plant markers; wooden plant markers

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Lighting installations, lighting fixtures and lighting reflectors; heating, ventilating, and air conditioning equipment, namely, HVAC units, air conditioners and dehumidifiers, purification equipment, namely, air and water purifying apparatus, water supply equipment, namely, automatic irrigation systems comprised of sprinklers, pumps, pipes, valves and timers for watering plants; lighting installations for hydroponics grow boxes in the nature of a closed environment equipped with lights, exhaust system, growing container and odor control system; light emitting diode (LED) plant grow light; lights for use in growing plants; watering machines for agricultural purposes; agricultural irrigation units; lighting fixtures; water conditioning installations; hydroponic garden kit for home use comprised of LED plant grow lights, a growing container and exhaust system; hydroponic growing systems featuring LED plant grow lights, in particular, LED plant grow lights contained in hydroponic grow boxes being closed environments equipped with growing containers

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Horticulture chemicals, except fungicides, herbicides, insecticides and parasiticides; chemical preparations for use in agriculture, horticulture and forestry, except fungicides, herbicides, insecticides and parasiticides; plant growth nutrients; plant food; plant nutrients; plant nutrition preparations; fertilizers; Fertilizers and substrates for use with hydroponics grow boxes, namely, peat-, rockwool- and coconut-based substrates; growing media for plants, fertilizers and chemicals for use in agriculture, horticulture and industry, except fungicides, herbicides, insecticides and parasiticides

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Plant seeds; seeds for agricultural purposes; unprocessed seeds for agricultural use; organic gardening kit for indoor and outdoor planting composed primarily of organic seeds for herbs, seeds for fruits and vegetables, agricultural seeds and also including plant growing medium, soilless growing medium, and solutions for hydroponics; agricultural seeds, plant seeds, fruit seeds, vegetable seeds for planting, and herb seeds for planting for use with hydroponic grow boxes; fresh fruits, nuts, vegetables and herbs; living plants; fresh pulses

International Classes 31 - Primary Classes **US Classes** 1, 46 **International Class Title** Natural Agricultural Products

For Salts, seasoning, food flavorings, other than essential oils; condiments in the nature of savory sauces, chutneys and minced garlic; sauces, salad dressing

International Classes 30 - Primary Classes **US Classes** 46 **International Class Title** Staple Foods

For Downloadable software and applications for mobile devices for operating, managing and monitoring the planting and growing of plants in hydroponic farming installations; downloadable software for controlling lighting systems and devices for agricultural and horticultural purposes; data processing equipment and electrical and mechanical accessories therefor in the nature of couplers, memory modules, interface circuits, electrical components for electrical control devices, and data cables; Measuring, detecting, monitoring and controlling devices, namely, sensors for measuring humidity, water level, temperature, pH level, carbon dioxide level, fertilizer level and concentrations of chemicals in hydroponic grow boxes, electronic controllers for lighting, irrigation, fertigation, temperature and concentrations of chemicals in hydroponic grow boxes, and devices for capturing visual images of plants and crops; batteries; apparatus and instruments for electricity, namely, batteries, voltage regulators, electricity conduits and meters; monitoring and tracking devices, namely, monitoring devices for agriculture and horticulture used to monitor humidity, water level, temperature, concentrations of chemicals and electricity consumption, and tracking devices for observing the movement and distribution of crops and nutrients for crops; downloadable

electronic manuals and books in the field of agriculture and horticulture; electronic publications being magazines and newsletters recorded on computer media in the field of agriculture and horticulture; temperature, water level, light, pH level, carbon dioxide level, and fertilizer level sensors

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Agricultural advice; horticulture consulting services; leasing of agricultural equipment; rental of agricultural machinery; application of fertilizer and agricultural chemicals for others; garden design, installation and maintenance of interior botanical displays, streetscape container plantings and rooftop gardens for others; providing information about gardening; agriculture services, namely, planting and growing for others fruits, fungi, vegetables, nuts and pulses and horticulture services; farming of crops in the nature of fruits, fungi, vegetables, nuts and pulses; rental of farming apparatus

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Software as a service (SaaS) featuring software for remotely operating, managing and monitoring hydroponic farming installations; platform as a service (PaaS) featuring computer software platforms for remotely operating, managing and monitoring hydroponic farming installations; design and testing of new products for others; design and testing for new product development; new product design services; testing, inspection or research on agriculture, livestock breeding or fisheries; IT consultancy, advisory and information services; scientific and technological services, namely, scientific testing, research, analysis, and design in the field of hydroponic farming installations, and providing technological information and advice relating to the operation and control of hydroponic farming installations; providing online, non-downloadable software and applications for access on mobile devices for operating, managing and monitoring the planting and growing of plants in hydroponic farming installations

For Additives to paints, not being chemical preparations for the manufacture of paints in the nature of tints, balancers, binders and reducers

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Biotechnological preparations for medical use for the treatment of cancer and osteoarthritis; Biotechnological preparations for medical use being medicinal preparations for use in grafting, facilitating crossing of permeable and semipermeable membranes and for use in surgeries, prosthetics and joint replacements

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Materials for use in orthodontics being dental prostheses; dental apparatus and instruments, namely , orthodontic wires; apparatus for use in orthodontics, namely, headgear, brackets, braces; instruments for use in the fitting of orthodontic appliances; orthodontic appliances; orthodontic brackets for use in straightening teeth

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Ammunition; launchers for projectiles, namely, rocket launchers, grenade launchers, pyrotechnics launchers, firearms; projectiles being weapons

International Classes 13 - Primary Classes **US Classes** 2, 9 **International Class Title** Firearms

For Nanopowders for industrial purposes; hydraulic oils; chemical additives for greases; chemical additives for industrial greases; chemical additives for hydraulic fluids; chemical additives for lubricants; chemical additives for industrial oils; chemical additives for oils; chemical additives for use in industry; chemical additives for use in manufacture; chemical additives for use in plastics; chemical additives for use in the casting of metals; chemical additives for use in the moulding of metals; chemical additives for use in the processing of plastics; chemical compounds for use in the manufacture of industrial

preparations; chemical ingredients for use in the manufacture of cosmetics; chemical ingredients for use in the manufacture of skin care preparations; chemical preparations for use in foundries being chemicals used in industry; chemical preparations for use in engineering for scientific purposes; chemical products for scientific laboratory use; chemical products for research purposes being chemicals for use in industry and science; chemicals products for scientific purposes; chemical products for use as chemical additives to grease; chemical products for use as chemical additives to motor vehicle lubricants; chemical products for use in scientific research; chemical products for use in metal casting being chemicals used in industry; chemical products for use in the foundry industry being chemicals used in industry; chemical products for use in the manufacture of plastics being chemicals used in industry

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Ampoules for scientific use being scientific laboratory equipment; scientific equipment, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; apparatus for scientific research in laboratories, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; apparatus for scientific use, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; laboratory apparatus for scientific research, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; research apparatus for scientific use, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for industry, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for laboratory purposes other than for medical purposes, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for laboratory use other than for medical use, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for use in laboratories other than for medical use, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for use in the preparation of materials other than for medical use, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; instruments for scientific research in laboratories, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; research instruments for scientific use, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus and instruments, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific instruments, namely, laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Treatment of materials in the nature of metals, stone, wood, glass, composites and plastics

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Industrial oils; metalworking lubricants; industrial lubricants; industrial lubricants containing low friction additives; industrial lubricants; lubricants for industrial apparatus; lubricants for machines; lubricants for metal working; lubricants for metallic surfaces; lubricants for surgical apparatus; lubricants for use in industrial processes; lubricants for use in machine cutting; lubricants for use in the machining of metal; lubricating agents, being industrial lubricants other than for medical use; industrial lubricating fluids; graphited lubricants; lubricating graphite; solid lubricants for textiles; industrial spray-on lubricants; industrial synthetic lubricants; friction modifiers being non-chemical additives for lubricants; non-chemical additive concentrates for lubricants; non-chemical additives for lubricants; lubricants for motor vehicles; motor vehicle lubricants; cable lubricants; lubricants for cables; industrial greases; industrial lubricating grease; greases for industrial purposes; industrial greases for the lubrication of cables; industrial greases for the lubrication of exposed gears; industrial greases for the lubrication of joints; industrial greases for use with ball-bearings; industrial greases for weapons; industrial high pressure greases; industrial grease; non-chemical additives for industrial greases; automotive lubricants for car engines; automotive lubricating compounds; automotive engine oils; engineering oils; engine oils; lubricants being gear oils; lubricating oil; lubricating oils for automotive apparatus; lubricating oils for laser printers; lubricating oils for use as a cutting fluid; synthetic lubricating oils; lubricating oils for petrol engines; non-chemical additives for engine oils

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Providing information, including online, about science and technology in the field of nanotechnology and its applications and scientific research and design relating thereto; scientific research into the development of new products

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Tungsten in the form of raw ore, processed ore and/or powder

GOODS AND SERVICES INFORMATION

For Polymerisation apparatus for dental purposes

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For 3D printers

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Polymer beads for use in manufacturing; chemicals used in industry, namely, fluorinated polymers for use in 3D printing; chemicals used in industry, namely, cationic polymers for use in 3D printing; chemicals used in industry, namely, polymer solutions for use in 3D printing; unprocessed aqueous linear polymer gels; polymer resins, unprocessed; unprocessed polymers for use as reference standards in industry, namely, for the Medical diagnostic and prosthetic Applications industry, Electronics industry, and Communications industry; chemicals used in industry, namely, plastisizers for use in synthetic polymers; polymeric intermediates, namely, chemicals used in industry being oligomers, and unprocessed polymer resins; unprocessed aqueous polymer dispersions; chemicals for use in polymerisations, namely, chemical polymeric additives for 3D printing; unprocessed reinforced polymers; chemicals used in industry, namely, polymerization plastics; chemicals used in industry, namely, chemical additives for polymers; chemicals used in industry, namely, chemical compositions being photo curable for polymers; unprocessed polymer dispersions; unprocessed polymers for use as reference standards in science; chemicals for use in the manufacture of smoke suppressed polymers; photographic developers for use with light sensitive materials; chemicals used in industry, namely, photoinitiators for the polymerization of artificial resins; polyamides; polymer compounds for industrial use for use in the manufacture of industrial goods; chemicals used in industry, namely, plastisizers for use in natural polymers; chemicals for use in the manufacture of flame retardant polymers; polymer compounds for use in

manufacture of industrial goods; photographic developers for positive type photoresist; chemical compositions for polymerization of organic compounds for the plastics industry; chemical compounds for use in the manufacture of polymers; unprocessed water absorbing polymers; chemical substances for modifying the properties of polymers; unprocessed synthetic polymers

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For 3D reproduction services, namely, 3D printing for others; polymerization, namely, lithographic additive manufacturing for others; rental of 3D printers

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Semi-processed synthetic polymer resins; polymer films for use in manufacture; semi-processed polymer resin fibres, other than for use in manufacturing textiles; synthetic elastomer polymers in liquid or paste-like form for use in further manufacture; semi-worked polymer resins; polymer film used for manufacturing electronic circuits; semi-worked thermoplastic filaments used for 3D printing

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Development of new technology for others in the field of 3D printing; design and testing for new product development; development of measuring and testing methods in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; development of testing methods in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; design and development of new products; research and development services in the field of engineering; industrial development services, namely new product design services; development of industrial products; development of industrial machinery; research and development of new products for others; design and development of new technology for others, namely, new product design services, research and development of new products for others; research and development of new products for third parties in the field of plastic materials; development of machining techniques, namely, technical research in the field of 3D printing; product research and development; software design and development; services for the development of methods of testing in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; design and development of engineering products; design and development of industrial products; research und development of new products for others; design and development of medical technology products; development and test of chemical production methods; research and development services in the field of chemistry; development of industrial processes in the field of 3D printers; design of software for use with printing machines; design and development of consumer products; development of new products; computer software design and development, namely, creation of control programs for electric operation control and drive modules; research and development of new products; research to develop new products, namely, research and development of new products; design and development of testing and analysis methods in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; consultancy services in the field of technological development; product design and development in the field of 3D printers; scientific research and development

RELATED PROPERTIES INFORMATION

International Registration 1669696 **International Registration Date** Jan. 04, 2022

GOODS AND SERVICES INFORMATION

For Machines and machine tools for handling of long and flat products within paper, steel and wood industries, namely, bar transportation systems being pneumatic transporters, bar sorters, bar stackers, bar benders, bundle formers in the nature of metal forming machines, bar unloading stations being unloading machines, coil transportation systems being pneumatic transporters, coil trimming systems being machine tools for the cutting and forming of materials, and coil unloading stations being unloading machines; material production and processing machines, namely, machines for the cutting and forming of materials; road construction machines; waste compacting machines; strapping machines; textile bonding machines; hydraulic pumps, electric compressors, and power operated blowers; industrial robots; handling equipment, namely, cargo handling machines for long and flat products within paper, steel and wood industries

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Education and instruction services, namely, providing non-downloadable webinars, online classes, on-site classes, and workshops in the field of operating and maintaining machines and systems for handling of long and flat products within the paper, steel and wood industries; training and instruction in the erection, assembly, operation and maintenance of machinery used in the paper, steel and wood industries; consultancy services relating to engineering education; technical training relating to safe erection, assembly, operation and maintenance of machinery used in the paper, steel and wood industries

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Installation of industrial steel plants and equipment; repair of metal processing machines; machinery maintenance services; installation of machine plant; machinery retrofit and conversion services; maintenance and repair of machines and machine tools for treating and processing metals; advisory services relating to the installation of engines

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Safety and security devices, namely, programmable logic controller systems comprising safety programmable logic controllers or non-safety programmable logic controllers, inductive sensors, laser sensors, proximity switches, interlock doors, panels, and plates; laser measuring systems; pressure measuring apparatus; measuring instrumentation and apparatus, namely, digitizers; monitoring devices, namely, programmable logic controllers (PLCs) and electric sensors; controlling devices, namely, namely, wireless controllers to monitor and control the functioning of other electronic devices for monitoring production data; controlling devices, namely, signal conditioning and communication devices for industrial process control; wire diameter measuring devices; electrical integrated control systems for use in the field of handling of long and flat products within paper, steel and wood industries; sensing devices, namely electric sensors, motion sensors, and motion detectors and signaling devices, namely, lasers for measurement and quality control in materials processing applications; alarm monitoring systems; environmental monitoring system comprised of meters and sensors that measure pressure, humidity, and temperature and includes alarm reporting functions; electronic access control systems for interlocking doors; signalling light systems comprising light sensors and switches indicating operational status of machines; electric cables

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Custom manufacturing of metal hardware for others; manufacturing of metal hardware for others; custom manufacture of tools for others; custom manufacture of metal hardware; rental of metal treating machines and tools for the treatment and transformation of materials and of energy generation equipment for energy production

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For engineering services; engineering design; engineering consultancy services; engineering services for the analysis of machinery; engineering services relating to machine tool design; engineering services for the design of machinery; industrial, user experience, and graphic design services related to machines and systems for handling of long and flat products within paper, steel and wood industries; information technology consultancy; software development, programming and implementation; Server hosting services; Software as a service featuring software for managing the operation and maintenance of machines and systems for handling of long and flat products within the paper, steel and wood industries; rental of computer software for managing the operation and maintenance of machines and systems for handling of long and flat products within the paper, steel and wood industries; hosting the software, website and other computer applications of others on a virtual private server; IT consultancy, advisory and information services; IT security services in the nature of computer virus protection and recovery of computer data; data duplication and conversion services, data coding services; testing of machinery and systems used in the handling of long and flat products within the paper, steel and wood industries and quality control for others

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal hardware, namely, strapping and identification tags; non-electric cables, wires and chains, of metal; nuts, bolts and fasteners being screws, of metal; building and construction materials and elements of metal, namely, beams and frames; unwrought or semi-wrought common metals; structures used in the erection and operation of machines or system of machines, namely, metal scaffolding and transportable buildings of metal; Packaging, wrapping and bundling articles, of metal, namely, strapping and wire used to secure bundles; steel in the form of coils, bars or sheets

the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; aircraft passenger seats with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; headrests for aircraft passenger seats with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; railway passenger cars with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; seats for railway passenger cars with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; headrests for seats for railway passenger cars with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control sold as a component of furniture; apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control sold as a component of beds; apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control sold as a component of chairs; apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control sold as a component of sofas; apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control sold as a component of headrests for furniture; furniture with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; beds with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; chairs with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; sofas with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control; headrests for furniture with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for acoustic and noise control

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation sold as a component of air conditioners; apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation sold as a component of air conditioners for vehicles; apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation sold as a component of air purifiers; apparatus in the nature

of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation sold as a component of ventilation hoods for stoves; air conditioners with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation; air conditioners for vehicles with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation; air purifiers with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation; ventilation hoods for stoves with integrated apparatus in the nature of acoustic transducers, audio speakers, acoustic sensors, and microphones, and computer hardware and recorded software system for noise control and noise cancellation

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Apparatus, recorded and downloadable computer software, and computer hardware, for processing, electronically controlling, transmission and reproduction of sound, noise, and audio; apparatus, recorded and downloadable computer software, and computer hardware, for electronically controlling audio devices and systems; sound processing apparatus, recorded and downloadable computer software, and computer hardware, for noise cancellation; apparatus, recorded and downloadable computer software, and computer hardware, for directional and location-based sound processing, electronic control, transmission and reproduction

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

GOODS AND SERVICES INFORMATION

For Prefabricated buildings, not of metal; modular manufactured homes not of metal; Modular greenhouses not of metal; greenhouse frames, not of metal; modular dog houses for building sites, not of metal; modular stables not of metal; portable buildings, not of metal; transportable buildings not of metal; roofing, not of metal, incorporating photovoltaic cells; reinforcing materials not of metal for building; framework for building, not of metal; door and window frames not of metal for building; trestles not of metal for use in construction; construction materials not of metal, namely, non-metal flooring materials; cladding not of metal, for building; non-metallic lining coatings for construction being asphalt roof coatings; decorative glass for building; colored sheet glass for building; electrochromic glass panels for construction; electrochromic polymer concrete for construction; glass panes for construction; glass blocks for building; window glass for construction; building glass; insulated glass for building purposes; shutters not of metal; outdoor blinds not of metal and not of textile

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Indoor terrariums for plant cultivation; pots; flower pots; trash cans; watering cans; unfinished glass for vehicle windows

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Issuance of tokens of value as a reward for customer loyalty; rental of real estate in particular of modular constructions; rental of modular buildings; rental of real estate in particular of modular structures; rent payment services provided via global computer and wireless networks, in particular the Internet and mobile telephones; credit and debit card transaction processing services provided via global computer and wireless networks, in particular the Internet and mobile telephones

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Paper and cardboard; printing products, namely, inking ribbons for computer printers; bookbinding cloth; printed photographs; stationery; office requisites, excluding furniture, namely, writing implements; adhesives for stationery or household purposes; drawing material and material for artists, namely, canvas panels for artists; paintbrushes; printed instructional or teaching material in the field of art; plastic sheets, films and bags for wrapping and packaging; printing type; printing blocks

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Machines, machine tools, power-operated tools, namely, 3D printing machines; machine coupling and transmission components, other than for land vehicles; motors and engines, other than for land vehicles; agricultural implements, other than hand-operated hand tools, namely, indoor growing systems, automated watering systems, hydroponic systems, aeroponic systems, fogponics systems, all of the foregoing comprised of water pumps for water filtering units, water pumps for hydroponics; mobile electric power generators; electric water pumps for hydroponics;automatic fertilizer distribution machines, other than hand-operated implements; coin-operated vending machines; automatic distribution machines for hot and cold beverages and foodstuffs being vending machines; automatic distribution machines for plants, seeds, fruits and vegetables being vending machines; air condensers; incubators for eggs

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Transport or storage containers not of metal for commercial use; mirrors; racks being furniture; folding shelves; showshelves; racks for growing plants; plant hangers not of metal; pot stands; interior window blinds of metal; indoor blinds for windows

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water distribution and sanitary installations, namely, solar tube lighting, HVAC units, solar cooking ovens, refrigerators, atmospheric water generators; space heating apparatus; solar thermal collectors for heating; heating installations; solar thermal collectors; air-conditioning apparatus and installations; air cooling apparatus and installations; air cooling devices; dehumidifiers; humidifiers; water distribution installations, namely, faucets; water purification units; Irrigation apparatus for agriculture, namely, irrigation sprinklers, irrigation spray nozzles; watering systems for irrigation comprised of irrigation spray nozzles; hydroponic culture systems comprised of plant grow lights, watering system comprised of irrigation sprinklers; container-growing systems comprised of a container with lights in the nature of a closed environment equipped with lights, exhaust system, hydroponics growing container and odor control system; light diffusers; micro and nanobubble generators for bioreactors; microbubble generators for baths; apparatus for dehydrating food waste; electric apparatus for dehydrating foodstuffs; bioreactors for use in the treatment of waste

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Education, namely, providing information about education in the field of environment; training in the field of environment; entertainment information; organizing community sporting and cultural activities; information relating to entertainment or education provided on-line or via television, broadband and wireless communication media; providing entertainment and information about education by means of a website featuring news, data, information and assistance in the field of planet resources, the reduction of greenhouse gas emissions, the impact of human activities, agriculture, sustainability, energy, painting, drawing and writing; organization of educational conferences in the field of environmental conservation; providing non-downloadable electronic publications in the nature of electronic newspapers and blogs presenting content created or specified by users in the field of environmental conservation; providing information about education and entertainment information via the Internet; providing information about education by means of a website for children with parental control that promotes and facilitates sustainable literacy, artistic development and technological training

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Composts, manures, fertilizers; soil for growing; planting soil; topsoil; potting soil; soil conditioning preparations; substrates for hydroponic culture, namely, fertilizers; expanded-clay substrates for plant growing; chemical products, the color or transparency of which changes according to the degree of moisture, namely, reagents used for analytical moisture determinations; chemical products, the color or transparency of which changes according to an electric voltage being chemical reagents, other than for medical or veterinary purposes; electrochromic chemical products being chemical reagents, other than for medical or veterinary purposes; chemically sensitized photographic paper; self-toning paper being reagent paper other than for medical purposes; chemical test paper; reagent paper other than for medical or veterinary use; pH value measurement indicator papers for chemical analyses; chemical reagents other than for medical or veterinary use; silicates

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Providing a website displaying ratings, reviews and recommendations on products and services posted by users for commercial purposes; providing an online marketplace for matching sellers and buyers of goods and services; providing an online marketplace for exchanging goods and services via a website; providing an online marketplace presenting a list of items and services available for rent by others; providing a website presenting ratings, reviews and recommendations posted by consumers on products, experiences and other consumer goods for commercial purposes; advertising promotion of artistic work, design, creations, production of other persons by means of providing online portfolios via a website; online wholesale and retail store services featuring compost, manures, fertilizers, growing soil, planting soil, loam, potting soil, soil conditioning preparations, substrate for hydroponics, expanded clay for hydroponic plant growing; online wholesale and retail store services featuring common metals and alloys thereof, metal building materials, prefabricated metal components for construction, transportable constructions of metal, roofing of metal incorporating photovoltaic cells; online wholesale and retail store services featuring machines, machine tools and mechanical tools, agricultural implements other than hand-operated hand tools, mobile electric power generators, electric water pumps, composters; online wholesale and retail store services featuring scientific and optical apparatus and instruments, apparatus and instruments for conducting and accumulating electricity, photovoltaic modules, photovoltaic apparatus for generating solar electricity, photovoltaic cells, notebook computers, handheld computers, tablet computers, graphics tablets, computer styluses, electronic pens for visual display units, protective films

adapted for computer screens, computer screen film containing encoded information, film containing encoded information, electronic paper, computer peripheral apparatus, computer screens, touch computer screens, liquid crystal displays, reflective screens, passive displays, interactive screens, computer software; online wholesale and retail store services featuring lighting apparatus, heating apparatus, solar thermal collectors, thermal conversion solar collectors, air conditioning apparatus, humidifiers, water purification systems, irrigation apparatus, hydroponic growing systems, tray-growing systems, light diffusers, electric apparatus for dehydrating foodstuffs, bioreactors for use in the treatment of waste; online wholesale and retail store services featuring paper and cardboard, printed products, bookbinding material, photographs, stationery and office requisites, drawing materials and artists' materials, paint brushes; online wholesale and retail store services featuring modular greenhouses not of metal, constructions not of metal, transportable constructions not of metal, roofing incorporating photovoltaic cells not of metal, construction materials not of metal, colored sheet glass for construction, electrochromic glass for construction, electrochromic polymer for construction, window glass for construction, glass for construction, outdoor blinds, storage or transport containers not of metal, mirrors, racks, folding racks, exhibition racks, racks for growing plants, pot stands; online wholesale and retail store services featuring indoor terrariums, pots, flower pots, trash cans, watering instruments; online wholesale and retail store services featuring raw and unprocessed grains and seeds, raw and unprocessed agricultural products, seeds for planting, seeds for growing plants, bulbs, seedlings, seeds, fresh fruits and vegetables, fresh aromatic herbs, seeds for growing plants, natural plants and flowers, plants; providing space on a website for advertising the goods and services of others; advertising promotion for the goods and services of others via a community website presenting user-submitted content in the nature of coupons, reductions, price comparison information, product reviews, links to the retail sale websites of others and discount information; presenting goods, namely, providing television home shopping services in the field of general consumer merchandise; direct marketing; product sampling being sample distribution; advertising and sales promotion relating to goods and services, offered and ordered by telecommunication or electronic means; consumer response analysis being consumer survey services; directing, arranging and organizing exhibitions, trade shows and trade fairs for commercial, promotional and advertising purposes; negotiation and conclusion commercial transactions for others, via online stores

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Unprocessed and raw grains and seeds; unprocessed and non-transformed agricultural, aquacultural, horticultural and forestry products, namely, unprocessed seeds for agricultural use; seeds for planting; seeds for plant cultivation; flower bulbs, seedlings and seeds; fresh fruits and vegetables; fresh aromatic herbs; seeds for growing plants; natural flowers and plants; seedlings

International Classes 31 - Primary Classes **US Classes** 1, 46 **International Class Title** Natural Agricultural Products

For Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely, microscopes; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; micro and nano-bubble measuring apparatus and instruments, namely, bubble levels; apparatus for the dissemination, recording, transmission or reproduction of sounds, data or images; photovoltaic modules; photovoltaic apparatus and installations for solar electricity production, namely, photovoltaic solar modules; photovoltaic cells; energy

distribution or control machines and apparatus, namely, electrical distribution boxes; data processing apparatus and computers; notebook computers; hand-held computers; tablet computers; graphics tablets; computer styluses; electronic pens; protective films adapted for computer screens; protective films adapted for computer screens, containing encoded information; protective films containing encoded information, adapted for peripheral apparatus for data processing and for computers; electronic paper displays; detectors of coded, hidden or embedded markings, namely, computer input pens; optical marking detectors, namely, computer input pens; recognition mark detectors being signature, writing and gesture recognition apparatus; scanners; computer peripheral apparatus; computer screens; computer touch screens; liquid crystal displays; reflective computer display screens; passive flat panel display screens; interactive flat panel display screens; electronic devices for digital display, namely, digital signage display panels; electronic notice boards; electronic interactive whiteboards; downloadable software for computers for use in database management; downloadable software for use in operating a virtual whiteboard; software, namely, downloadable software for printing recognition marks on physical media; downloadable software for reading recognition marks on physical media; television monitors; television sets; computer hardware and downloadable software for use in database management; mechanisms for coin-operated apparatus; optical reflectors; bioreactors for laboratory use; bioreactors for laboratory research; downloadable documents in several fields, especially agriculture, technology, energy, climate crisis, education and the arts, provided via a website or software; downloadable computer software for collecting, editing, systematizing, modifying, transmitting, storing and sharing data and information, for use as an application programming interface; downloadable computer software for facilitating online services for the creation of social networks and social networking applications and for retrieval, loading, downloading, access and management of data permissions, to enable uploading, downloading, access, publishing, displaying, tagging, blogging, streaming, linking, sharing or any other form of providing electronic media or information via computer and communication networks

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication access services; internet broadcasting service; mobile telephone communication service; providing telecommunications access to electronic communication platforms on the Internet; providing telecommunications access to multimedia content online, websites and Internet portals; instant messaging service; data transfer by telecommunications; network conferencing service; communication via virtual private networks (VPN); electronic transmitting wireless data, in particular, text, voice and image; providing telecommunications access to an interactive website enabling users to review and rate Internet content, people, companies, goods and services in exchange for points earned for promotional items consisting of coupons, discounts, reductions or special offers on goods and services; providing telecommunications access to a website for children with parental control that promotes and facilitates sustainable literacy, artistic development and technological training

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Treatment of materials, namely, wood, plastic, biodegradable waste , metals and glass materials; recycling of trash and waste; air purification and water treatment; printing services; food and beverage preservation

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific and technological services as well as research and design services relating thereto, namely, scientific research; industrial fluid analysis; industrial research in the field of resource use, namely, water use, energy use, organic matter, planting and irrigation goods; industrial design services; quality control; authentication services for works of art and manuscripts; design and development of computers and software; data encryption and decryption; providing online non-downloadable software enabling users to download, exchange, create and share online content for sharing with others for any number of user-specified reasons via global computer and wireless networks, in particular, the Internet and mobile telephones; providing online non-downloadable software enabling users to connect with other people in their neighborhood, their city or a desired location for any number of user-specified reasons, in particular, the exchange of goods via global computer and wireless networks, in particular, the Internet and mobile telephones

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys; reinforcing building materials of metal; prefabricated metal platforms for building foundations; panels of metal for building; pillars of metal for building; reinforcing materials of metal for building; metal lining coatings for building being linings of metal for building purposes; metal canopies; portable buildings of metal; greenhouse frames of metal; greenhouses of metal; modular metal stables; prefabricated buildings of metal; transportable buildings of metal; plant hangers of metal; roofing, of metal, incorporating photovoltaic cells; containers of metal for storage or transport; pipes and tubes of metal; shutters of metal; outdoor blinds of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

For Rental of transportable buildings for temporary accommodation; rental of metal or non-metal transportable buildings for temporary accommodation; rental of furnished rooms as temporary living accommodations; rental of racks being furniture; rental of hangers for plants not of metal being rental of wall hangings for houses, airports, conference rooms, hotels and large properties; rental of pot stands being rental of furniture for houses, airports, conference rooms, hotels and large properties; rental of food dispensers; rental of modular portable structures for temporary accommodation; rental of transportable temporary accommodation; rental of modular temporary accommodation

International Classes 43 - Primary Classes **US Classes** 100, 101 **International Class Title** Hotel and restaurant services

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a circular design featuring six individual greenish yellow curved geometric shapes forming a circle with irregular circumference to the left of the following "SHIMENAWA" in black. **Color Drawing** Yes **Color Claimed** The color(s) Greenish Yellow and Black is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1671012 **International Registration Date** Mar. 22, 2022

GOODS AND SERVICES INFORMATION

For Providing information concerning commercial sales; advertising and publicity services; providing information relating to purchase of goods for consumers, including information for producing areas, processing areas, producing people, producing methods of foods, beverages and other products, by using labels and internet of things (IoT) enabled devices containing chips for Internet, application software, electric labels, electric tags and radio frequency identifier (RFID); marketing services; presentation of goods on communication media, for retail purposes, namely, provision of a website featuring commercial information on shopping; providing recommendations of goods to consumers for commercial purposes; providing information and advice to consumers regarding the selection of products and items to be purchased; publicity and sales promotion relating to goods and services; procurement of contracts for others relating to the sale of goods; processing warranty registration documents for others

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Recorded computer application software for mobile phones and smartphones, namely, software for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; downloadable computer software for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; computer hardware; downloadable electronic publications in the nature of newsletters, books and magazines in the field of products made in Japan; downloadable music files

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing online non-downloadable computer networking software; software as a service (SaaS) services featuring software for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; platform as a service (PaaS) services featuring computer software platforms for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; quality control for others; providing quality assurance services, namely, quality control of goods and services, product quality evaluation and product quality testing; providing information relating to quality control and quality assurance; quality assurance consultancy services; consultancy services relating to quality control; programming of computer software; programming of online application software; programming of computer software platforms; designing and developing of computer databases; scientific testing and scientific testing for certification purposes for producing areas, qualities and features of goods, by using labels and internet of things (IoT) enabled devices containing chips for Internet, application software, electric labels, electric tags and radio frequency identifier (RFID), and providing scientific information relating thereto; authentication, issuance and validation of digital certificates relating to producing areas, qualities and features of goods, by using labels and internet of things (IoT) enabled devices containing chips for Internet, application software, electric labels, electric tags and radio frequency identifier (RFID)

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Education services, namely, provision of training materials being manuals, books, non-downloadable manuals, non-downloadable books in the field of telecommunications equipment, software and services; training for sales agents, partners and resellers in the field of the retail sale of telecommunications equipment, software and services; business training services; conducting workshops in the field of telecommunications equipment, software and services ; design of educational courses, examinations and qualifications being educational services, namely, design of educational courses, examinations, and qualification standards in the field of telecommunications equipment, software and services; provision of business training in relation to the sale and resale of services; provision of business training in relation to the sale and resale of telecommunications equipment, software and services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS), software services and information technology services; designing technical instruction courses in the field of telecommunications equipment, software and services

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Administration of sales agent, partner and reseller programs, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization, operation and management of sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization and administration services in relation to sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organisation and management of incentive and sales promotion programmes and services, namely, arranging and conducting incentive award programs to promote the sale of telecommunications equipment, software and services; arranging for sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications

equipment, software and services; sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; value-added online sales agent, partner and reseller services of products and services for others, namely, promoting the goods and services of others; sales agent, partner and reseller services, namely, wholesale services by, retail services through and online retail services through direct solicitation by sales agents in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; sales agent, partner and reseller services, namely, distributorship services in the field of telecommunications equipment, software and services; distribution of products for advertising purposes, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; business-to-business value-added sales agent, partner and reseller services being promoting the goods and services of others, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; value-added sales agent, partner and reseller services, namely, promoting the goods and services of others for telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; Arranging telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software service subscriptions for others; negotiation and conclusion of commercial transactions for third parties; business referral services, namely, providing referrals in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; online marketing services; social media marketing services; search engine marketing services; search engine optimization for sales promotion; outreach marketing services, namely influencer marketing services; marketing services, namely, content marketing services being developing advertising content for marketing purposes; advertising services; marketing and promotional services related to sales agent, partner and reseller programs and incentive schemes; production and distribution of promotional, advertising and marketing material for others; marketing and sales channel management, namely, providing management and consulting services in the field of marketing; marketing management advice, namely, providing advice in the field of marketing; information services relating to advertising, namely, advertising information services via the Internet; provision of commercial information in the field of marketing; provision of commercial information in the field of advertising; business administration services; business management and consultancy services in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; business advisory services; administration of business incentive programs and sales incentive programs to promote the sale of telecommunications equipment, software and services; telephone directory information services; commercial information services provided by access to a computer database; business consultancy relating to the administration and sale of telecommunications and information technology; provision of information relating to business

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Transmission of audiovisual materials via the Internet, cable, fiberoptics and satellite; broadcast transmission by satellite; audio, video and audio-video broadcasting or transmission of recorded messages and information; Cable radio and television broadcasting and transmission; communication network consultancy, namely, consulting services in the field of communication networks; communication services between data banks, namely, providing electronic transmission of

information stored in a database via interactively communicating computer systems; communication of data by means of telecommunications, namely, transmission of data by means of telecommunications networks; communication services for the electronic transmission of data being the electronic transmission of messages and data; communication services for the electronic transmission of images; communication services for the electronic transmission of voices; communication services for the transmission of information; communication services for the transmission of information by electronic means being electronic communications networks; communications by fibre optic networks; consulting in the field of communications; communications services for accessing a data-base, namely, providing access to databases; communications services for the exchange of data in electronic form, namely, electronic exchange of data stored in databases accessible via telecommunication networks; computer aided transmission of messages and images; computer communications for the transmission of information, namely, computer-aided transmission of information; computer data transmission services being communication services, namely, electronic transmission of data and documents among users of computers; computer-aided transmission of data; computerised data communications being electronic transmission of data among users of computers; providing access to telecommunication networks, the Internet and global computer networks, and consultancy services relating thereto; consultancy services relating to communications; consultancy services relating to data communications; consultancy services relating to telecommunications; data broadcasting services, namely, broadcast of data by means of television, broadcast transmission by satellite, broadcast of radio programs; data communication by electronic means, namely, data communication by electronic mail; data communication services, namely, electronic transmission of data among users of computers; electronic data transmission; data transmission by electronic mail; electronic data transmission for others; electronic data transmission services over telecommunications networks; digital transmission services being information transmission services via digital networks; electronic communication services for the electronic transmission of data; consulting in the field of electronic communications; electronic communications services for the transmission of data via interactively communicating computer systems; electronic data communications, namely, electronic transmission of data via interactively communicating computer system; electronic data exchange services, namely, electronic exchange of data stored in databases accessible via telecommunication networks; electronic instructions transmission services, namely, electronic order transmission; electronic message transmission; electronic transmission being the uploading, posting or displaying of data, information, pictures, images, audio and/or video via online forums; electronic transmission of data; electronic transmission of documents via computer terminals and electronic devices; electronic transmission of images; electronic transmission of information; electronic transmission of messages; electronic transmission of voices; electronic transmission of written communications being e-mail and documents via computer terminals; facsimile transmission; fibre optic telecommunications services, namely, providing fiber optic network services; Internet portal services, namely, provision of access to a global computer network; telecommunication services, namely, transmission of messages; telecommunications services, namely, providing fiber optic network services; peer-to-peer network computer services, namely, electronic transmission of data among computers; provision of electronic data links being provision of on-line communication links which transfer the web site user to other local and global web pages; provision of facilities for radio receiving and radio transmission; providing virtual private network services; providing telecommunications connections to a global computer network; providing electronic telecommunications connections; remote transmission of data by means of telecommunications, namely, wireless electronic transmission of data; rental of data communication apparatus; rental of data communications equipment; rental of data communications installations; rental of radio transmission apparatus; rental of telecommunication apparatus; rental of telecommunication equipment; satellite transmission; secured transmission of data being encrypted electronic transmission of data; sending being the transmission of

news; sound transmission via satellite; streaming of data; telecommunications consultancy; telecommunications services for the distribution of data via a global computer network or the Internet, satellite, fiberoptics and cable; transmission of computerised data, namely, electronic transmission of digital data; electronic transmission of data; transmission of data by audio-visual apparatus being computer terminals; transmission of data by cable; transmission of data by computer; transmission of data by electronic means, namely, electronic transmission of data; transmission of data by radio; transmission of data by radiopaging; transmission of despatches by electronic means, namely, electronic transmission of information; transmission of digital files; transmission of digital media files; transmission of documents by facsimile; transmission of electronic mail; wireless electronic transmission of global positioning signals for navigation purposes; transmission of information by computers connected to the same telematic network; transmission of information by electronic means, namely, electronic transmission of information by electronic communications networks; transmission of information by radio; transmission of information by telephone; transmission of information on a wide range of topics, including online and over a global computer network, namely, transmission of information via the Internet and via a global computer network; transmission of messages by computer; transmission of messages by telephone; transmission of pictures by satellite; transmission of radio programmes by cable, fiberoptics, satellite and via the Internet; transmission of sound by electronic means; transmission of sound by satellite; transmission of telephone calls being, telecommunication services, namely, transmission of audio by means of telecommunications networks, wireless communication networks, and the Internet; transmission of video films, namely, video transmission services via cable, fiberoptics, satellite and the Internet, featuring films; video transmission services, namely, video on demand transmission; voice transmission services, being, communication services, namely, transmission of voice via telecommunications networks; web portal services, namely, provision of access to a global computer network

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Advisory services relating to computer software; back-up being copying of computer data, namely, remote computer backup services; cloud computing featuring software for use for use in telecommunications, electronic data transmission, and computer networking; compilation of data-processing programs, namely, development of data processing programs by order of third parties; computer security consultancy, computer software consultancy, computer technology consultancy, consultancy in the design and development of computer hardware; computer engineering consultancy services; computer network configuration services; computer programming consultancy; computer security consultancy; computer security services, namely, design and development of secure computer hardware, software and systems; computer security services, namely, programming and software installation, repair and maintenance services; computer software advisory services; computer software consultancy; computer software design; computer software development; computer software engineering; computer software consultancy, design and development services for interconnecting, managing and operating virtual networks; computer software programming services; computer support services, namely, computer and software advisory and information services relating to design and development of computer hardware and peripherals; computer support services being computer software programming and software installation, repair and maintenance services; computer technology consultancy; computerized data storage services, namely, electronic data storage services; technological consultancy services in the technology field of the design and development of ergonomic health and safety equipment; consultancy in the design and development of computer software; consulting services in the field of energy-saving; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; data encryption

services; data mining services; data security consultancy; data security services, namely, remote monitoring of computer firewalls; data storage other than physical storage, namely, electronic data storage; design and development of computer software for others; communications systems and apparatus design consultancy; design of computer software, networks, network connections and network architecture; development of computer software, networks, network connections and network architecture; development of computer software application solutions; development of software; development of computer software systems for the processing of data; development of computer software systems for the storage of data; development of computer software systems for the transmission of data; diagnosis of faults in computer software; computer disaster recovery planning services for data communications systems; electronic data storage; engineering consultancy; software as a services (SAAS) services, namely, hosting software for use by others for telecommunications, electronic data transmission, and computer networking; information technology (IT) consultancy; information technology (IT) services, namely, computer hardware, software and peripherals design and technical consultancy; installation and maintenance of computer software; installation of computer software; installation of middleware being software; installation, repair and maintenance of middleware being software; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications; internet security consultancy; maintenance of computer software; monitoring of computer systems for detecting unauthorised access or data breach; network as a service (NAAS), namely, integration of computer software into multiple systems and networks; network virtualization services; online provision of non-downloadable web-based software for use in connection with telecommunications, electronic data transmission, and virtual networking; platform as a service (PAAS) featuring software platforms for use in connection with virtual networking, telecommunications and internet connectivity service management; conducting of technical projects studies, technical research and scientific consultancy services in the field of carbon offsetting; providing information, including online, about design and development of computer hardware and software; application service provider, namely, provision of online non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; design of virtual network gateways; design of virtual network hubs; hosting of website featuring virtual network services, and configuration of computer network therefor; quality assurance consultancy; recovery of computer data; rental of computer software for telecommunications, electronic data transmission, and computer networking; rental of data carriers; rental of data processing systems; rental of computer game software; research relating to data processing; repair of computer software; research, engineering and technical consultancy for industry; scanning services, namely, conversion of data or documents from physical to electronic media; scientific consultancy services relating to telecommunications, electronic data transmission, and computer networking; software as a service (SAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software defined network as a service (SDNAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software creation; technical data analysis services; technological consultancy services in the field of virtual networking, telecommunications and internet connectivity service management; telecommunications technology consultancy; updating of computer software; upgrading of computer software; designing and hosting an Internet website portal in the field of virtual networking and telecommunications; web site design consultancy; writing of computer software; remote online off-site data backup; data cryptology services being data encryption services; software engineering; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agent, partners and

resellers to access resources, manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for the customers and end users of sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage their orders and services

GOODS AND SERVICES INFORMATION

For Education services, namely, provision of training materials being manuals, books, non-downloadable manuals, non-downloadable books in the field of telecommunications equipment, software and services; training for sales agents, partners and resellers in the field of the retail sale of telecommunications equipment, software and services; business training services; conducting workshops in the field of telecommunications equipment, software and services ; design of educational courses, examinations and qualifications being educational services, namely, design of educational courses, examinations, and qualification standards in the field of telecommunications equipment, software and services; provision of business training in relation to the sale and resale of services; provision of business training in relation to the sale and resale of telecommunications equipment, software and services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS), software services and information technology services; designing technical instruction courses in the field of telecommunications equipment, software and services

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Administration of sales agent, partner and reseller programs, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization, operation and management of sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization and administration services in relation to sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organisation and management of incentive and sales promotion programmes and services, namely, arranging and conducting incentive award programs to promote the sale of telecommunications equipment, software and services; arranging for sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications

equipment, software and services; sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; value-added online sales agent, partner and reseller services of products and services for others, namely, promoting the goods and services of others; sales agent, partner and reseller services, namely, wholesale services by, retail services through and online retail services through direct solicitation by sales agents in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; sales agent, partner and reseller services, namely, distributorship services in the field of telecommunications equipment, software and services; distribution of products for advertising purposes, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; business-to-business value-added sales agent, partner and reseller services being promoting the goods and services of others, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; value-added sales agent, partner and reseller services, namely, promoting the goods and services of others for telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; Arranging telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software service subscriptions for others; negotiation and conclusion of commercial transactions for third parties; business referral services, namely, providing referrals in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; online marketing services; social media marketing services; search engine marketing services; search engine optimization for sales promotion; outreach marketing services, namely influencer marketing services; marketing services, namely, content marketing services being developing advertising content for marketing purposes; advertising services; marketing and promotional services related to sales agent, partner and reseller programs and incentive schemes; production and distribution of promotional, advertising and marketing material for others; marketing and sales channel management, namely, providing management and consulting services in the field of marketing; marketing management advice, namely, providing advice in the field of marketing; information services relating to advertising, namely, advertising information services via the Internet; provision of commercial information in the field of marketing; provision of commercial information in the field of advertising; business administration services; business management and consultancy services in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; business advisory services; administration of business incentive programs and sales incentive programs to promote the sale of telecommunications equipment, software and services; telephone directory information services; commercial information services provided by access to a computer database; business consultancy relating to the administration and sale of telecommunications and information technology; provision of information relating to business

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Transmission of audiovisual materials via the Internet, cable, fiberoptics and satellite; broadcast transmission by satellite; audio, video and audio-video broadcasting or transmission of recorded messages and information; Cable radio and television broadcasting and transmission; communication network consultancy, namely, consulting services in the field of communication networks; communication services between data banks, namely, providing electronic transmission of

information stored in a database via interactively communicating computer systems; communication of data by means of telecommunications, namely, transmission of data by means of telecommunications networks; communication services for the electronic transmission of data being the electronic transmission of messages and data; communication services for the electronic transmission of images; communication services for the electronic transmission of voices; communication services for the transmission of information; communication services for the transmission of information by electronic means being electronic communications networks; communications by fibre optic networks; consulting in the field of communications; communications services for accessing a data-base, namely, providing access to databases; communications services for the exchange of data in electronic form, namely, electronic exchange of data stored in databases accessible via telecommunication networks; computer aided transmission of messages and images; computer communications for the transmission of information, namely, computer-aided transmission of information; computer data transmission services being communication services, namely, electronic transmission of data and documents among users of computers; computer-aided transmission of data; computerised data communications being electronic transmission of data among users of computers; providing access to telecommunication networks, the Internet and global computer networks, and consultancy services relating thereto; consultancy services relating to communications; consultancy services relating to data communications; consultancy services relating to telecommunications; data broadcasting services, namely, broadcast of data by means of television, broadcast transmission by satellite, broadcast of radio programs; data communication by electronic means, namely, data communication by electronic mail; data communication services, namely, electronic transmission of data among users of computers; electronic data transmission; data transmission by electronic mail; electronic data transmission for others; electronic data transmission services over telecommunications networks; digital transmission services being information transmission services via digital networks; electronic communication services for the electronic transmission of data; consulting in the field of electronic communications; electronic communications services for the transmission of data via interactively communicating computer systems; electronic data communications, namely, electronic transmission of data via interactively communicating computer system; electronic data exchange services, namely, electronic exchange of data stored in databases accessible via telecommunication networks; electronic instructions transmission services, namely, electronic order transmission; electronic message transmission; electronic transmission being the (uploading, posting or displaying) of data, information, pictures, images, audio and/or video via online forums; electronic transmission of data; electronic transmission of documents via computer terminals and electronic devices; electronic transmission of images; electronic transmission of information; electronic transmission of messages; electronic transmission of voices; electronic transmission of written communications being e-mail and documents via computer terminals; facsimile transmission; fibre optic telecommunications services, namely, providing fiber optic network services; Internet portal services, namely, provision of access to a global computer network; telecommunication services, namely, transmission of messages; telecommunications services, namely, providing fiber optic network services; peer-to-peer network computer services, namely, electronic transmission of data among computers; provision of electronic data links being provision of on-line communication links which transfer the web site user to other local and global web pages; provision of facilities for radio receiving and radio transmission; providing virtual private network services; providing telecommunications connections to a global computer network; providing electronic telecommunications connections; remote transmission of data by means of telecommunications, namely, wireless electronic transmission of data; rental of data communication apparatus; rental of data communications equipment; rental of data communications installations; rental of radio transmission apparatus; rental of telecommunication apparatus; rental of telecommunication equipment; satellite transmission; secured transmission of data being encrypted electronic transmission of data; sending being the transmission of

news; sound transmission via satellite; streaming of data; telecommunications consultancy; telecommunications services for the distribution of data via a global computer network or the Internet, satellite, fiberoptics and cable; transmission of computerised data, namely, electronic transmission of digital data; electronic transmission of data; transmission of data by audio-visual apparatus being computer terminals; transmission of data by cable; transmission of data by computer; transmission of data by electronic means, namely, electronic transmission of data; transmission of data by radio; transmission of data by radiopaging; transmission of despatches by electronic means, namely, electronic transmission of information; transmission of digital files; transmission of digital media files; transmission of documents by facsimile; transmission of electronic mail; wireless electronic transmission of global positioning signals for navigation purposes; transmission of information by computers connected to the same telematic network; transmission of information by electronic means, namely, electronic transmission of information by electronic communications networks; transmission of information by radio; transmission of information by telephone; transmission of information on a wide range of topics, including online and over a global computer network, namely, transmission of information via the Internet and via a global computer network; transmission of messages by computer; transmission of messages by telephone; transmission of pictures by satellite; transmission of radio programmes by cable, fiberoptics, satellite and via the Internet; transmission of sound by electronic means; transmission of sound by satellite; transmission of telephone calls being, telecommunication services, namely, transmission of audio by means of telecommunications networks, wireless communication networks, and the Internet; transmission of video films, namely, video transmission services via cable, fiberoptics, satellite and the Internet, featuring films; video transmission services, namely, video on demand transmission; voice transmission services, being, communication services, namely, transmission of voice via telecommunications networks; web portal services, namely, provision of access to a global computer network

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Advisory services relating to computer software; back-up being copying of computer data, namely, remote computer backup services; cloud computing featuring software for use for use in telecommunications, electronic data transmission, and computer networking; compilation of data-processing programs, namely, development of data processing programs by order of third parties; computer security consultancy, computer software consultancy, computer technology consultancy, consultancy in the design and development of computer hardware; computer engineering consultancy services; computer network configuration services; computer programming consultancy; computer security consultancy; computer security services, namely, design and development of secure computer hardware, software and systems; computer security services, namely, programming and software installation, repair and maintenance services; computer software advisory services; computer software consultancy; computer software design; computer software development; computer software engineering; computer software consultancy, design and development services for interconnecting, managing and operating virtual networks; computer software programming services; computer support services, namely, computer and software advisory and information services relating to design and development of computer hardware and peripherals; computer support services being computer software programming and software installation, repair and maintenance services; computer technology consultancy; computerized data storage services, namely, electronic data storage services; technological consultancy services in the technology field of the design and development of ergonomic health and safety equipment; consultancy in the design and development of computer software; consulting services in the field of energy-saving; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; data encryption

services; data mining services; data security consultancy; data security services, namely, remote monitoring of computer firewalls; data storage other than physical storage, namely, electronic data storage; design and development of computer software for others; communications systems and apparatus design consultancy; design of computer software, networks, network connections and network architecture; development of computer software, networks, network connections and network architecture; development of computer software application solutions; development of software; development of computer software systems for the processing of data; development of computer software systems for the storage of data; development of computer software systems for the transmission of data; diagnosis of faults in computer software; computer disaster recovery planning services for data communications systems; electronic data storage; engineering consultancy; software as a services (SAAS) services, namely, hosting software for use by others for telecommunications, electronic data transmission, and computer networking; information technology (IT) consultancy; information technology (IT) services, namely, computer hardware, software and peripherals design and technical consultancy; installation and maintenance of computer software; installation of computer software; installation of middleware being software; installation, repair and maintenance of middleware being software; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications; internet security consultancy; maintenance of computer software; monitoring of computer systems for detecting unauthorised access or data breach; network as a service (NAAS), namely, integration of computer software into multiple systems and networks; network virtualization services; online provision of non-downloadable web-based software for use in connection with telecommunications, electronic data transmission, and virtual networking; platform as a service (PAAS) featuring software platforms for use in connection with virtual networking, telecommunications and internet connectivity service management; conducting of technical projects studies, technical research and scientific consultancy services in the field of carbon offsetting; providing information, including online, about design and development of computer hardware and software; application service provider, namely, provision of online non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; design of virtual network gateways; design of virtual network hubs; hosting of website featuring virtual network services, and configuration of computer network therefor; quality assurance consultancy; recovery of computer data; rental of computer software for telecommunications, electronic data transmission, and computer networking; rental of data carriers; rental of data processing systems; rental of computer game software; research relating to data processing; repair of computer software; research, engineering and technical consultancy for industry; scanning services, namely, conversion of data or documents from physical to electronic media; scientific consultancy services relating to telecommunications, electronic data transmission, and computer networking; software as a service (SAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software defined network as a service (SDNAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software creation; technical data analysis services; technological consultancy services in the field of virtual networking, telecommunications and internet connectivity service management; telecommunications technology consultancy; updating of computer software; upgrading of computer software; designing and hosting an Internet website portal in the field of virtual networking and telecommunications; web site design consultancy; writing of computer software; remote online off-site data backup; data cryptology services being data encryption services; software engineering; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agent, partners and

resellers to access resources, manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for the customers and end users of sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage their orders and services

RELATED PROPERTIES INFORMATION

International Registration 1671454 **International Registration Date** Feb. 01, 2022

GOODS AND SERVICES INFORMATION

For Printed publications, namely, books and journals in the field of pharmaceuticals and biopharmaceuticals; printed matter, namely, books and journals in the field of pharmaceuticals and biopharmaceuticals

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Educational and instruction services, namely, classes in the fields of arts, crafts, sports and general knowledge relating to test analysis, measurement, inspection, and investigation of environmental and biological samples, and materials; education services, namely, tutoring in the field of test analysis, measurement, inspection, and investigation of environmental and biological samples, and materials; arranging, conducting and organization of seminars in the field of test analysis, measurement, inspection, and investigation of environmental and biological samples, and materials; arranging and conducting of workshops being trainings in the field of test analysis, measurement, inspection, and investigation of environmental and biological samples, and materials; providing online non-downloadable electronic publications in the nature of periodicals, journals, briefs, manuals, brochures, teaching materials, books, magazines and newsletters in the field of pharmaceuticals and biopharmaceuticals

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Retail store services featuring pharmaceutical, veterinary and sanitary preparations and medical supplies; marketing in the framework of software publishing; retail store services and wholesale store services featuring printed matter in the nature of magazines; employment agency services for scientific or technological experts; employment agency services, namely, filling the temporary and permanent staffing needs of businesses

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Repair or maintenance of electronic machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of medical apparatus and instruments; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Chemistry apparatus and instruments for laboratory use, namely, laboratory chemical reactors, glass microscope slides, pipettors, liquid dispensing burettes, liquid mixers, thermostats and laboratory glassware; laboratory apparatus and instruments, namely, bottles which incubate bacteria and microbiological cultures and diagnostic apparatuses for use in analyzing micro-bacteriological contamination in food, beverages, and water; precision measuring machines and instruments, namely, analyzers for testing and analyzing nucleic acids and/or fraction of nucleic acids derived from bacterium and/or virus in food, beverages, tap water, sewage, wastewater, and water; precision measuring machines and instruments, namely, analyzers for micro-biological testing and analyzing in food, beverages, water, sewage, soil and air; environmental measuring and analysis instruments, namely, water samplers and analyzers and replacement parts and components thereof; nanoparticle size analysers; computer software, recorded for data analysis in the field of pharmaceuticals and biopharmaceuticals; downloadable electronic publications, namely, e-magazines in the field of pharmaceuticals and biopharmaceuticals; electronic publications, downloadable in the nature of newsletters, periodicals, journals, briefs, books, magazines, manuals, brochures and teaching materials in the field of pharmaceuticals and biopharmaceuticals

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Testing or research on prevention of pollution; chemistry services, namely, pharmaceutical chemistry research; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; research in the field of environmental protection; material testing; chemical analysis; water analysis; scientific research in the field of test analysis, measurement, inspection, and investigation of environmental and biological samples, and materials; technological research in the field of pharmaceutical sciences, biopharmaceutical sciences, agricultural sciences and environmental sciences; technological research in the field of wastewater surveillance, highly sensitive detection technology for quantifying viruses in wastewater, viral dynamics, and model for predicting epidemics of viral/bacterium infection; scientific laboratory services in the field of test analysis, measurement, inspection, and investigation of environmental and biological samples, and materials; conducting technical project studies in the field of new technologies; chemical research services; software as a service (SaaS) services featuring software for data analysis in the field of pharmaceuticals and biopharmaceuticals; platform as a service (PaaS) featuring computer software platforms for data analysis in the field of pharmaceuticals and biopharmaceuticals; computer software consultancy; computer software design for others; rental of computer software for data analysis; maintenance of computer software; information technology (IT) consultancy; rental of laboratory apparatus and instruments; cloud computing featuring

software for data analysis in the field of pharmaceuticals and biopharmaceuticals; computer system analysis

GOODS AND SERVICES INFORMATION

For Non-ferrous ingots of precious metal; Ingots of precious metal; copper token ingots of precious metal

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Copper powder for painting; bronze powder for painting; aluminium paints; aluminium powder for painting

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Sodium salts for medical purposes; bicarbonate of soda for pharmaceutical purposes

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Nitrates; metal chlorides; sulfates; cobalt acetate; hydrochloric acid; cobalt oxides for industrial purposes; cobalt chloride; cobalt chemicals for industrial purposes; cobalt zirconate; nickel oxides; nickel salts; nickel sulphate; nickel hydroxide; nickel chemicals; nickel ammonium sulphate; electrolytic nickel for making embossed holograms; cupric sulfate; copper carbonate; copper phosphate; chemical test reagents in tablet form for testing for copper for industrial purposes; sodium; sodium alum; sodium iodide; bichromate of soda; sodium tungstate; sodium molybdate; sodium phosphate; sodium bisulphite; sodium carbonate; perborate of soda; sodium peroxide; sodium chlorate; sodium formate; sodium chlorite; sodium tartrate; sodium chloride; sodium fluoride; sodium chromate; sodium nitrite; sodium bromide; sodium sulphate; sodium nitrate; sodium cyanide; sodium hydroxide; solid sodium silicate; sodium oxynaphthionate; sodium nitrate fertilizer; sodium hypochlorite; sodium permanganate; sodium gold chloride; sodium naphthionate; sodium fluosilicate; sodium tetraborate; sodium sulfanilate; sodium bicarbonate; sodium thiosulfate; sodium aluminium fluoride; sodium salts for industrial purposes; sodium silicates; sodium ascorbate for the food industry; sodium hydroxide for industrial purposes; bicarbonate of soda for chemical purposes; anhydrous sodium hydroxide for industrial purposes; Salt for preserving, other than for foodstuffs; carbon monoxide; molybdic acid; tungstic acid; tungsten carbide; vanadium pentoxide; alumina; aluminium salts; aluminium iodide;

aluminium alum; aluminium sulphate; aluminium nitrate; aluminium silicate; aluminium chloride; aluminium hydrate; aluminium oxynitride; aluminium halides; aluminum ammonium sulfate; aluminum oxide; cobalt sulphate solution for industrial purposes; copper sulphate solution for industrial purposes; nickel chloride solution for industrial purposes; copper oxychloride for industrial purposes; nickel nitrate solution for industrial purposes; sodium vanadium oxides used as catalysts for chemical processes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Retail store and wholesale store services featuring all kinds of non-ferrous metals and alloys and compounds containing non-ferrous metals

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Treatment of materials, namely, processing and working of non-ferrous metals of all kinds, and alloys and compounds containing non-ferrous metals, by metal casting, hardening, plating, cutting, pressing, extracting, melting, cutting, abrading or by chemical or physical or thermal transformation proceedings; recycling of non-ferrous metals and all kinds of alloys and compounds containing non-ferrous metals; copper smithing; photogravure printing; recycling services; recycling of valuable materials; recycling of scrap; recycling of foam blowing agents; recycling of refrigerant fluids; recycling of chemicals; recycling of waste; recycling catalytic converters; recycling of minerals; recycling of organic solvents; chemical recycling of waste products; recycling of waste and residues containing neon metals; recycling of hydroxide sludge; recycling of dust; recycling of etching solutions; LI- ION battery recycling

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Non-ferrous metals and their alloys; cobalt ores; nickel; nickel ores; nickel ingots; alloys of nickel; nickel silver; nickel alloy ingots; tubes of nickel alloys; nickel-zinc plated sheet metal; Castings, foils, powder, and rolled, drawn or extruded semi-finished articles of nickel or its alloys; semi-finished articles of nickel or its alloys; copper ores; rolled semi-finished copper; copper ingots; copper powder; copper strip; copper wire, not insulated; copper- base alloy ingots; copper panels for the manufacture of circuit boards; low copper carbon- steel scraps; semifinished articles of copper or its alloys; tubes of copper alloys; copper, unwrought or semi- wrought; molybdenum; molybdenum ores; molybdenum iron; tungsten iron; tungsten ores; tungsten powder; vanadium; bronze; aluminium foil; aluminium wire; sheets of aluminium; aluminium ingots; aluminium powder; aluminium slabs; extruded semi-finished aluminium sections; aluminium strips; aluminium discs; aluminium and its alloys; ceramic reinforced aluminium; stabilized aluminum foam; ceramic reinforced aluminium alloys; window sashes of aluminum; bauxite reinforced aluminium; aluminum siding; aluminium ladder rungs; bauxite reinforced aluminium alloys; alloys of metal containing calcium and aluminium; brass, unwrought or semi-wrought; brass alloys; nickel powder; molybdenum powder; vanadium slag; copper zinc tin alloy; gunmetal bronze; aluminum bronze; copper master alloy in the form of ingots, ingots, granules and powder

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

GOODS AND SERVICES INFORMATION

For Embroidered patches for clothing

International Classes 26 - Primary Classes **US Classes** 37, 39, 40, 42, 50 **International Class Title** Fancy Goods

For Protective face masks for medical use for antibacterial protection; protective masks for medical purposes

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Plastic boxes; shoe arrangement stands in the nature of shoe racks; furniture chests; chests of plastic; bicycle racing number plates, not of metal; novelty license plates of plastic; shoe racks

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Portable electric fans; electric fans

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Masking tape

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

GOODS AND SERVICES INFORMATION

For Non-ferrous ingots of precious metal; Ingots of precious metal; copper token ingots of precious metal

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Copper powder for painting; bronze powder for painting; aluminium paints; aluminium powder for painting

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Sodium salts for medical purposes; bicarbonate of soda for pharmaceutical purposes

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Nitrates; metal chlorides; sulfates; cobalt acetate; hydrochloric acid; cobalt oxides for industrial purposes; cobalt chloride; cobalt chemicals for industrial purposes; cobalt zirconate; nickel oxides; nickel salts; nickel sulphate; nickel hydroxide; nickel chemicals; nickel ammonium sulphate; electrolytic nickel for making embossed holograms; cupric sulfate; copper carbonate; copper phosphate; chemical test reagents in tablet form for testing for copper for industrial purposes; sodium; sodium alum; sodium iodide; bichromate of soda; sodium tungstate; sodium molybdate; sodium phosphate; sodium bisulphite; sodium carbonate; perborate of soda; sodium peroxide; sodium chlorate; sodium formate; sodium chlorite; sodium tartrate; sodium chloride; sodium fluoride; sodium chromate; sodium nitrite; sodium bromide; sodium sulphate; sodium nitrate; sodium cyanide; sodium hydroxide; solid sodium silicate; sodium oxynaphthionate; sodium nitrate fertilizer; sodium hypochlorite; sodium permanganate; sodium gold chloride; sodium naphthionate; sodium fluosilicate; sodium tetraborate; sodium sulfanilate; sodium bicarbonate; sodium thiosulfate; sodium aluminium fluoride; sodium salts for industrial purposes; sodium silicates; sodium ascorbate for the food industry; sodium hydroxide for industrial purposes; bicarbonate of soda for

chemical purposes; anhydrous sodium hydroxide for industrial purposes; Salt for preserving, other than for foodstuffs; carbon monoxide; molybdic acid; tungstic acid; tungsten carbide; vanadium pentoxide; alumina; aluminium salts; aluminium iodide; aluminium alum; aluminium sulphate; aluminium nitrate; aluminium silicate; aluminium chloride; aluminium hydrate; aluminium oxynitride; aluminium halides; aluminum ammonium sulfate; aluminum oxide; cobalt sulphate solution for industrial purposes; copper sulphate solution for industrial purposes; nickel chloride solution for industrial purposes; copper oxychloride for industrial purposes; nickel nitrate solution for industrial purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Retail store and wholesale store services featuring all kinds of non-ferrous metals and alloys and compounds containing non-ferrous metals

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Metal plating; treatment of materials by coppersmithing; photogravure printing; recycling services; recycling of valuable materials; recycling of scrap; recycling of foam blowing agents; recycling of refrigerant fluids; recycling of chemicals; recycling of waste; recycling catalytic converters; recycling of minerals; recycling of organic solvents; chemical recycling of waste products; recycling of non-ferrous metals and alloys and compounds of any kind containing non-ferrous metals; recycling of waste and residues containing neon metal; hydroxide sludge recycling; dust recycling; recycling of etching solutions; recycling of lithium-ion batteries

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Cobalt ores; nickel; nickel ores; nickel ingots; alloys of nickel; nickel silver; nickel alloy ingots; tubes of nickel alloys; nickel-zinc plated sheet metal; Castings, foils, powder, and rolled, drawn or extruded semi-finished articles of nickel or its alloys; semi-finished articles of nickel or its alloys; copper ores; rolled semi-finished copper; copper ingots; copper powder; copper strip; copper wire, not insulated; copper- base alloy ingots; copper panels for the manufacture of circuit boards; low copper carbon- steel scraps; semifinished articles of copper or its alloys; tubes of copper alloys; copper, unwrought or semi-wrought; molybdenum; molybdenum ores; molybdenum iron; tungsten iron; tungsten ores; tungsten powder; vanadium; bronze; aluminium foil; aluminium wire; sheets of aluminium; aluminium ingots; aluminium powder; aluminium slabs; extruded semi-finished aluminium sections; aluminium strips; aluminium discs; aluminium and its alloys; ceramic reinforced aluminium; stabilized aluminum foam; ceramic reinforced aluminium alloys; window sashes of aluminum; bauxite reinforced aluminium; aluminum siding; aluminium ladder rungs; bauxite reinforced aluminium alloys; alloys of metal containing calcium and aluminium; brass, unwrought or semi-wrought; brass alloys; nickel powder; molybdenum powder; vanadium slag; red brass, unwrought or semi-wrought; aluminum bronze; copper-based alloys in the form of ingots, billets, granules and powder; electrolytic nickel for making embossed holograms

International Registration 1673481 **International Registration Date** Jan. 27, 2022

GOODS AND SERVICES INFORMATION

For Non-ferrous ingots of precious metal; Ingots of precious metal; copper token ingots of precious metal

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Copper powder for painting; bronze powder for painting; aluminium paints; aluminium powder for painting

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Sodium salts for medical purposes; bicarbonate of soda for pharmaceutical purposes

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Nitrates; metal chlorides; sulfates; cobalt acetate; hydrochloric acid; cobalt oxides for industrial purposes; cobalt chloride; cobalt chemicals for industrial purposes; cobalt zirconate; nickel oxides; nickel salts; nickel sulphate; nickel hydroxide; nickel chemicals; nickel ammonium sulphate; electrolytic nickel for making embossed holograms; cupric sulfate; copper carbonate; copper phosphate; chemical test reagents in tablet form for testing for copper for industrial purposes; sodium; sodium alum; sodium iodide; bichromate of soda; sodium tungstate; sodium molybdate; sodium phosphate; sodium bisulphite; sodium carbonate; perborate of soda; sodium peroxide; sodium chlorate; sodium formate; sodium chlorite; sodium tartrate; sodium chloride; sodium fluoride; sodium chromate; sodium nitrite; sodium bromide; sodium sulphate; sodium nitrate; sodium cyanide; sodium hydroxide; solid sodium silicate; sodium oxynaphthionate; sodium nitrate fertilizer; sodium hypochlorite; sodium permanganate; sodium gold chloride; sodium naphthionate; sodium fluosilicate; sodium tetraborate; sodium sulfanilate; sodium bicarbonate; sodium thiosulfate; sodium aluminium fluoride; sodium salts for industrial purposes;

sodium silicates; sodium ascorbate for the food industry; sodium hydroxide for industrial purposes; bicarbonate of soda for chemical purposes; anhydrous sodium hydroxide for industrial purposes; Salt for preserving, other than for foodstuffs; carbon monoxide; molybdic acid; tungstic acid; tungsten carbide; vanadium pentoxide; alumina; aluminium salts; aluminium iodide; aluminium alum; aluminium sulphate; aluminium nitrate; aluminium silicate; aluminium chloride; aluminium hydrate; aluminium oxynitride; aluminium halides; aluminum ammonium sulfate; aluminum oxide; cobalt sulphate solution for industrial purposes; copper sulphate solution for industrial purposes; nickel chloride solution for industrial purposes; copper oxychloride for industrial purposes; nickel nitrate solution for industrial purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Retail store and wholesale store services featuring all kinds of non-ferrous metals and alloys and compounds containing non-ferrous metals

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Metal plating; treatment of materials by coppersmithing; photogravure printing; recycling services; recycling of valuable materials; recycling of scrap; recycling of foam blowing agents; recycling of refrigerant fluids; recycling of chemicals; recycling of waste; recycling catalytic converters; recycling of minerals; recycling of organic solvents; chemical recycling of waste products; recycling of non-ferrous metals and alloys and compounds of any kind containing non-ferrous metals; recycling of waste and residues containing neon metal; hydroxide sludge recycling; dust recycling; recycling of etching solutions; recycling of lithium-ion batteries

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Cobalt ores; nickel; nickel ores; nickel ingots; alloys of nickel; nickel silver; nickel alloy ingots; tubes of nickel alloys; nickel-zinc plated sheet metal; Castings, foils, powder, and rolled, drawn or extruded semi-finished articles of nickel or its alloys; semi-finished articles of nickel or its alloys; copper ores; rolled semi-finished copper; copper ingots; copper strip; copper wire, not insulated; copper- base alloy ingots; copper panels for the manufacture of circuit boards; low copper carbon-steel scraps; semifinished articles of copper or its alloys; tubes of copper alloys; copper, unwrought or semi- wrought; molybdenum; molybdenum ores; molybdenum iron; tungsten iron; tungsten ores; tungsten powder; vanadium; bronze; aluminium foil; aluminium wire; sheets of aluminium; aluminium ingots; aluminium powder; aluminium slabs; extruded semi-finished aluminium sections; aluminium strips; aluminium discs; aluminium and its alloys; ceramic reinforced aluminium; stabilized aluminum foam; ceramic reinforced aluminium alloys; window sashes of aluminum; bauxite reinforced aluminium; aluminum siding; aluminium ladder rungs; bauxite reinforced aluminium alloys; alloys of metal containing calcium and aluminium; brass, unwrought or semi-wrought; brass alloys; nickel powder; copper powder; molybdenum powder; vanadium slag; red brass, unwrought or semi-wrought; aluminum bronze; copper-based alloys in the form of ingots, billets, granules and powder; electrolytic nickel for making embossed holograms

RELATED PROPERTIES INFORMATION

International Registration 1675100 **International Registration Date** Feb. 04, 2022

GOODS AND SERVICES INFORMATION

For Dietary supplements; nutraceutical preparations for the treatment of diabetes and other metabolic diseases, cardiovascular disease, cancer and neurodegenerative diseases, osteoarthritis, inflammation and to improve athletic performance; foods and dietetic substances in the nature of dietetic and functional foods adapted for medical use; dietetic food and beverages adapted for medical purposes; food supplements; pharmaceuticals and natural remedy preparations for treating diabetes; pharmaceuticals and natural remedy preparations for the prevention of diabetes

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Soups and preparations for making soups; broth and preparations for making broth; stock; bouillon; processed fruits, vegetables, nuts and pulses; processed broccoli; preserved frozen, dried and cooked fruits and vegetables; jellies, jams, compotes; edible oils and fats; dairy products namely, dairy based beverages, dairy spreads, cheese, cream, yoghurt; milk substitutes; prepared meals consisting primarily of meat, fish, poultry or vegetables; snack food primarily consisting of meat or meat substitutes; prepared meals primarily consisting of fish; prepared meals primarily consisting of fruit; prepared meals primarily consisting of eggs; frozen, prepared or packaged meals consisting primarily of meat, fish, poultry or vegetables; prepared meals consisting primarily of vegetables; prepared snacks consisting principally of vegetables; prepared snacks, namely vegetable crisps; broccoli crisps; fruit based snack foods; potato based snack foods; savoury snacks consisting primarily of meat, fish, poultry or vegetables; vegetable based snack foods; vegetable powders; snack foods namely meat-based snack foods, nut-based snack foods, snacks of edible seaweed, cheese-based snack foods, candied fruit snacks, tofu-based snacks, coconut-based snacks, milk-based snack foods, namely drinking yoghurt included in this class

International Classes 29 - Primary Classes **US Classes** 46 **International Class Title** Meats and Processed Foods

For Non-alcoholic beverages namely mineral and aerated waters;, fruit beverages and fruit juices;, vegetable-based beverages and vegetable juices; fruit and vegetable juices, namely, apple, orange, carrot, broccoli; juices containing broccoli; smoothies; syrups and other non-alcoholic preparations in the nature of powders and concentrates for making beverages in the nature of fruit and vegetable juices and soft drinks

International Classes 32 - Primary Classes **US Classes** 45, 46, 48 **International Class Title** Light Beverages

RELATED PROPERTIES INFORMATION

International Registration 1675209 **International Registration Date** Jan. 26, 2022

GOODS AND SERVICES INFORMATION

For Non-metallic construction elements, namely, supports; non-metallic structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; non-metallic composite structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from plastic for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from concrete for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from polymers and polymer composites for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; non-metallic portable structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; telegraph poles, not of metal; utility poles, not of metal; poles and masts of non-metallic materials for electric power lines; concrete; reinforced concrete; polymer concrete; concrete building materials, namely, blocks, bricks, posts, slabs, and panels; non-metallic flooring panels; non-metallic sheet materials for building; non-metal roof coverings and flashings; non-metallic shapes, surface coverings, sleeves for insulation and protection against fire, poles, telegraph poles, ladders, tanks, rail attachments, curbs, cross arms, hoses, containers, walkways, bridges, handrails, guardrails, barriers, structures, pipes, dampers, covers, access structures, decking, planking, panels, gratings, platforms, piers, ports, harbors, decks, ship separators, mooring dolphins, pipe piles and guide walls; fire protection materials for use in building, namely, non-metal fire-resistant boards and panels; replacement and structural parts and fittings for all the aforesaid goods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Trailers; portable roadway trailers; portable lighting trailers; portable signage trailers; portable safety signage trailers; replacement and structural parts and fittings for the aforesaid goods; molded structural parts of vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Mobile electric power generators; replacement and structural parts and fittings for all the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Non-metallic hardware, namely, brackets for general use, nuts, screws, bolts, latches, locks, plates, clasps, pulleys; non-metal security cabinets and containers; non-metal transportable containers; non-metallic storage or transport containers; non-metallic clamps and clips; non-metallic containers; security closures for containers, not of metal; non-metal cylinder clamps; non-metallic fasteners, connectors and holders, namely, collars for fastening pipes, threaded fasteners, door fasteners, window fasteners, rivets, nails, holders for signs and signboards, ducts and couplings for organizing cables and wires; non-metal clamps, clips, supports, brackets and fasteners for pipes, beams, tubes and structures

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Air conditioning apparatus; air conditioning installations; air conditioners; air conditioning apparatus for industrial use; heating installations; water heating installations; HVAC apparatus; apparatus and installations for lighting, heating, cooling, ventilating, water supply and sanitary purposes; water cooling towers; tanks, containers, pipes and tubes for water, gas, ventilating, air conditioning and sanitary purposes; replacement and structural parts and fittings for all the aforesaid goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Subscription based retail store services provided in relation to charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to the rental, leasing and hire of charging, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations; subscription based retail store services provided in relation to the rental, leasing, hire, monitoring, control, maintenance, installation, inspection and repair of charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to building products, construction equipment and machinery and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to the rental, leasing, hire, monitoring, control, maintenance, installation, inspection and repair of metallic and non-metallic building products, construction equipment and machinery and parts and fittings of all the aforesaid goods; subscription based retail store services provided in relation to structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers; subscription based retail store services provided in relation to the rental, leasing, hire maintenance, control, installation, monitoring, inspection and repair of structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers and parts and fittings for all the aforesaid goods; retail and wholesale store services provided in relation to charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; wholesale and retail store services relating to construction equipment and machinery and parts and fittings for all the aforesaid goods; wholesale and retail store services

relating to metallic and non-metallic building products and parts and fittings for all the aforesaid goods; wholesale and retail store services relating to electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; retail and wholesale store services provided in relation to structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers and parts and fittings for all the aforesaid goods; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation of traffic management systems; rental of traffic management systems; rental of construction equipment, machinery, equipment and apparatus; installation, inspection, repair and maintenance services provided in relation to charging, monitoring, sensing, controlling, signaling, lighting, security, safety, traffic control, electricity generating and solar-powered-devices, apparatus and installations and parts and fittings for all the aforesaid goods; installation, inspection, repair and maintenance services provided in relation to charging devices, generators, lighting apparatus and installations, cameras, closed-circuit television systems and parts, fittings, accessories and modular parts of goods subject of all the aforesaid services; installation, inspection, repair and maintenance services provided in relation to non-metallic structures, non-metallic building materials, insulating materials, concrete and reinforced concrete; installation, inspection, repair and maintenance of structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Security, safety, protection and signaling devices, installations and apparatus, namely, entry door systems comprising touch pads and security doors; Security, safety, protection and signaling devices, installations and apparatus, namely, devices for monitoring and data collection for reporting purposes in relation to status, wear, location, performance, lifecycle and required maintenance for barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment; electronic security and safety access control systems for barriers, fences, gates and bollards, namely, access control and alarm monitoring systems; security, safety, protection and signaling devices, installations and apparatus comprising or containing electronic sensing, monitoring, controlling and communication devices, namely, access control and alarm monitoring systems; electronic security and safety access control systems for barriers, fences, gates and bollards comprising or containing electronic sensing, monitoring, controlling and communication devices, namely, access control and alarm monitoring systems; charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations comprising or containing electronic sensing, monitoring, controlling and communication devices; electricity control panels and electric current control devices; control, sensing and monitoring devices for heating, water supply, sanitary cooling and air conditioning and installations, namely, climate control systems consisting of digital thermostats, air conditioning, heating, ventilation and drying control devices; electronic control, sensing and monitoring devices for charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus installations, barriers, fences, gates and bollards; cameras; surveillance apparatus and installations, namely, electronic components of security systems; closed-circuit television systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; replacement and structural parts and

fittings for all the aforesaid goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Traffic management systems; traffic, travel and transport information services; management of vehicular traffic flow through advanced communications network and technology; rental of storage and transport equipment; electricity distribution; rental and leasing of vehicles; rental and leasing of mobile lighting apparatus and installations; rental and leasing of solar powered charging apparatus for vehicles; rental and leasing of mobile charging and electricity generating installations and apparatus; rental and leasing of trailers for lighting; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Insulating materials; elastomeric strips in the nature of insulating material and liners for pipes, namely pipe insulation; elastomeric sheathing in the nature of insulating material and liners for pipes and pipework, namely pipe insulation; insulating materials for use in the isolation and attenuation of noise and vibration for pipes and pipework; materials for noise protection, absorption and abatement namely, liners and supports for pipes and pipework in the nature of insulating materials; insulating coatings namely insulating material; strips and sheathing in the nature of insulating materials for prevention of corrosion and wear of pipes and tubes, clips, supports, clamps; insulating coverings for pipes, pipework, pipe clamps, pipe clips and pipe supports, namely liners and supports for pipes and pipework in the nature of insulating materials; shock absorbing rubber buffers for industrial machinery; sound dampening blankets; flexible pipes and ducting, not of metal; fittings, not of metal, for pipes; insulation materials and apparatus for pipes, pipe supports, restraints, clips, clamps and hangers; insulating foam of plastics; insulated pipe supports not of metal; insulated pipe supports of plastics; materials for soundproofing, noise protection, absorption and abatement; insulating coatings; strips, sleeves and sheathing made of insulating materials; strips, sleeves and sheathing for attenuation and isolation of noise; strips, sleeves and sheathing made of fire-retardant materials; carbon fibers, other than for textile use; fiberglass for insulation; semi-processed plastics; semi-processed resins; elastomer polymers for use in manufacture; semi-processed polymer resins; semi-processed thermoplastic polymer resins; shapes and structures made of polymers and fiber reinforced polymers for use by third-party manufacturers; fire resistant and fire preventative articles and materials, namely, fire-resistant composite panels made of aramid, glass, carbon or ceramic fibers; structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers for use by third-party manufacturers in the form of shapes, surface coverings, sleeves for insulation and protection against fire, poles, telegraph poles, ladders, tanks, rail attachments, curbs, cross arms, hoses, containers, walkways, bridges, handrails, guardrails, barriers, structures, pipes, dampers, covers, access structures, decking, planking, panels, gratings, platforms, piers, ports, harbors, decks, ship separators, mooring dolphins, pipe piles and guide walls; replacement and structural parts and fittings for all the aforesaid goods

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Software as a service featuring software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; platform as a service featuring software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; design and development of databases; application service provider (ASP) featuring online non-downloadable software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; technical data analysis, namely, compiling and analyzing statistics, data and other sources of information for the purposes of product development and enhancement of product safety standards; data monitoring services in the nature of protection and recovery of computer data; monitoring of computer systems by remote access to ensure proper functioning; environmental monitoring services; machine condition monitoring for quality control purposes; monitoring of building structures for quality control purposes; providing websites featuring technology enabling the monitoring of computer systems for security purposes; monitoring and control of sensing, charging, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and networks for quality control purposes of all the aforesaid goods; testing, analysis and monitoring of navigation and telecommunications signals; provision of technical, scientific and engineering reports; information, advice and consultancy provided in respect of all the aforesaid services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

RELATED PROPERTIES INFORMATION

International Registration 1675420 **International Registration Date** Jan. 27, 2022

GOODS AND SERVICES INFORMATION

For Non-ferrous ingots of precious metal; Ingots of precious metal; copper token ingots of precious metal

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Copper powder for painting; bronze powder for painting; aluminium paints; aluminium powder for painting

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Sodium salts for medical purposes; bicarbonate of soda for pharmaceutical purposes

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Nitrates; metal chlorides; sulfates; cobalt acetate; hydrochloric acid; cobalt oxides for industrial purposes; cobalt chloride; cobalt chemicals for industrial purposes; cobalt zirconate; nickel oxides; nickel salts; nickel sulphate; nickel hydroxide; nickel chemicals; nickel ammonium sulphate; electrolytic nickel for making embossed holograms; cupric sulfate; copper carbonate; copper phosphate; chemical test reagents in tablet form for testing for copper for industrial purposes; sodium; sodium alum; sodium iodide; bichromate of soda; sodium tungstate; sodium molybdate; sodium phosphate; sodium bisulphite; sodium carbonate; perborate of soda; sodium peroxide; sodium chlorate; sodium formate; sodium chlorite; sodium tartrate; sodium chloride; sodium fluoride; sodium chromate; sodium nitrite; sodium bromide; sodium sulphate; sodium nitrate; sodium cyanide; sodium hydroxide; solid sodium silicate; sodium oxynaphthionate; sodium nitrate fertilizer; sodium hypochlorite; sodium permanganate; sodium gold chloride; sodium naphthionate; sodium fluosilicate; sodium tetraborate; sodium sulfanilate; sodium bicarbonate; sodium thiosulfate; sodium aluminium fluoride; sodium salts for industrial purposes;

sodium silicates; sodium ascorbate for the food industry; sodium hydroxide for industrial purposes; bicarbonate of soda for chemical purposes; anhydrous sodium hydroxide for industrial purposes; Salt for preserving, other than for foodstuffs; carbon monoxide; molybdic acid; tungstic acid; tungsten carbide; vanadium pentoxide; alumina; aluminium salts; aluminium iodide; aluminium alum; aluminium sulphate; aluminium nitrate; aluminium silicate; aluminium chloride; aluminium hydrate; aluminium oxynitride; aluminium halides; aluminum ammonium sulfate; aluminum oxide; cobalt sulphate solution for industrial purposes; copper sulphate solution for industrial purposes; nickel chloride solution for industrial purposes; copper oxychloride for industrial purposes; nickel nitrate solution for industrial purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Retail store and wholesale store services featuring all kinds of non-ferrous metals and alloys and compounds containing non-ferrous metals

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Metal plating; treatment of materials by coppersmithing; photogravure printing; recycling services; recycling of valuable materials; recycling of scrap; recycling of foam blowing agents; recycling of refrigerant fluids; recycling of chemicals; recycling of waste; recycling catalytic converters; recycling of minerals; recycling of organic solvents; chemical recycling of waste products; recycling of non-ferrous metals and alloys and compounds of any kind containing non-ferrous metals; recycling of waste and residues containing neon metal; hydroxide sludge recycling; dust recycling; recycling of etching solutions; recycling of lithium-ion batteries

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Cobalt ores; nickel; nickel ores; nickel ingots; alloys of nickel; nickel silver; nickel alloy ingots; tubes of nickel alloys; nickel-zinc plated sheet metal; Castings, foils, powder, and rolled, drawn or extruded semi-finished articles of nickel or its alloys; semi-finished articles of nickel or its alloys; copper ores; rolled semi-finished copper; copper ingots; copper powder; copper strip; copper wire, not insulated; copper- base alloy ingots; copper panels for the manufacture of circuit boards; low copper carbon- steel scraps; semifinished articles of copper or its alloys; tubes of copper alloys; copper, unwrought or semi-wrought; molybdenum; molybdenum ores; molybdenum iron; tungsten iron; tungsten ores; tungsten powder; vanadium; bronze; aluminium foil; aluminium wire; sheets of aluminium; aluminium ingots; aluminium powder; aluminium slabs; extruded semi-finished aluminium sections; aluminium strips; aluminium discs; aluminium and its alloys; ceramic reinforced aluminium; stabilized aluminum foam; ceramic reinforced aluminium alloys; window sashes of aluminum; bauxite reinforced aluminium; aluminum siding; aluminium ladder rungs; bauxite reinforced aluminium alloys; alloys of metal containing calcium and aluminium; brass, unwrought or semi-wrought; brass alloys; nickel powder; molybdenum powder; vanadium slag; red brass, unwrought or semi-wrought; aluminum bronze; copper-based alloys in the form of ingots, billets, granules and powder; electrolytic nickel for making embossed holograms

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S)

RELATED PROPERTIES INFORMATION

International Registration 1678434 **International Registration Date** May 25, 2022

GOODS AND SERVICES INFORMATION

For Curtain fabrics; curtains of textile materials; curtains, namely, curtains of textile or plastic materials; textile materials; indoor curtains, namely, roller curtains, pleated curtains, and curtains of non-textile material

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Packaging materials of cardboard; packaging materials of paper; packaging materials of plastic, namely, plastic films, plastic sheets, plastic bags and plastic pouches; printed products, namely, product guides, product manuals, and catalogs in the field of window coverings

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Electric motors for driving shading systems

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Slatted indoor blinds; interior Venetian blinds; curtain rails; curtain rods; indoor blinds, namely, blinds of non-textile materials; drapery hardware, namely, tracks, rails and rods and hanging devices for curtains and blinds; drapery hardware, namely, non-metal parts and components of all the aforesaid goods; drapery hardware, namely, supports for curtains and roller blinds, not of textile materials; drapery hardware, namely, pulls for curtains and roller blinds, not of metal; indoor blinds of textile or plastic materials; non-electric devices for drawing and moving curtains or roller blinds; parts and components of all the aforesaid goods

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Retail and wholesale store services featuring fabrics and shading systems; online retail and wholesale store services featuring fabrics and shading systems; marketing, advertising and sales promotion; online advertising and promotional services for goods; business merchandising display services; publishing of advertising texts; advertising text publication services; providing a website featuring an online marketplaces for exchanging goods and services with other users

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance and repair of curtain systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Downloadable software for controlling shading systems; computer hardware for controlling shading systems; remote controls for shading systems

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the wording "FITNESS4YOU" in stylized font, with the wording "FITNESS" and "YOU" in grey, and the "4" in pink. Above the wording is a straight horizontal line in pink, with a heart design centered above the line with a heartbeat monitor line in white within the heart. **Color Drawing** Yes **Color Claimed** The color(s) grey, pink and white is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1678570 **International Registration Date** Dec. 08, 2021

GOODS AND SERVICES INFORMATION

For Hair removal apparatus, namely, portable medical epilators; portable nebulizers for medical purposes; portable instruments for medical use for monitoring oxygen levels in gas mixtures; protective masks for surgeons for use in operations; respirators for artificial respiration; hygienic masks for protection against dust for medical purposes; Face masks for medical purpose, namely, sanitary masks for protection against viral infection; Face masks for veterinary purposes namely, sanitary masks for protection against viral infection; protective clothing for surgical purposes; protective visors for surgical use; Eye protectors for medical purposes; face masks for surgical use for protection against toxins; mouth guards for medical purposes; finger guards for medical purposes; protective face masks for medical purposes; protective face masks for dental purposes; Ear protection, namely earplugs, headphones for accident prevention; protective gloves for medical examinations; respirators of non-woven material for surgical applications; respirators for medical use; protective masks for medical personnel; face masks for medical use for protection against toxic substances; disposable protective gloves for medical purposes; protective gloves for dental staff; Radiation protective textiles in the nature of patient x-ray radiation shields for use in therapeutic treatments; Radiation protective textiles in the nature of animal x-ray radiation shields for use in therapeutic treatment of animals; protective visors for veterinary purposes; Respirators for artificial respiration for surgical use; protective clothing for medical purposes; Hearing protection devices, namely, ear plugs; protective bonnets for the hair for wear by medical practitioners; Hearing protection devices, namely, ear plugs, without the ability to reproduce or transmit sound; face masks for surgical use for protection against bacteria; protective gloves for medical personnel; clear face shields for medical personnel; face masks for medical use for protection against bacteria; Nasal masks in the nature of nasal filters for veterinary purposes; Nasal masks

in the nature of nasal filters for dental purposes; surgical face mask; protective visors for medical purposes; protective visors for dental purposes; Protective nasal masks in the nature of nasal filters for medical purposes; protective gloves for veterinary purposes; Medical apparatus for monitoring vital signs of patients; elbow pads for medical purposes; electronic stimulators for medical use; face shields for medical purposes; UV lamps for medical curative purposes; infrared lamps for healing purposes; skin temperature indicators for medical purposes; anesthesia respiration apparatus; Arm slings for medical use; hand operated sprayers for medical purposes; Inhalation devices provided empty for administrating drugs; electric massage apparatus for personal use; measuring devices for measuring blood sugar; Medical devices, namely, respiratory monitors for monitoring respiratory events; sports equipment for medical rehabilitation purposes, namely, shoulder stretcher using resistance cables; devices for measuring blood sugar; massagers for the eyes; aerosol dispensers for medical purposes; exercise machines for medical use; Apparatus for endoscopies, namely, cameras; bracelets for medical purposes; devices for foot massage; Devices, namely, plaster casts, toe separators, casting tape; electric heating pads for medical purposes; Light sources for medical purposes, namely, medical operating lamps; surgical breathing masks; physical rehabilitation apparatus for medical purposes; elastic compression bandages for surgical use; apparatus for the relief of breathing difficulties; medical devices for use as hearing aids; Sex aids, namely, sex toys, dildos, vibrators; disposable gloves for surgical use; apparatus for electrical muscle stimulation; lamps for use with dental instruments; Padding for medical purposes, namely, orthopedic cushions and padding; body massagers; physical training apparatus for medical purposes; apparatus for the analysis of bacteria in biological samples for medical purposes; anatomical support bandages; infrared lamps for medical purposes; apparatus for performing diagnostic tests for medical purposes; electronic temperature recorders for medical use; electric massage apparatus for household use; temperature sensitive testing devices for medical purposes; exercise weights adapted for medical use; compression bandages for limbs for sports purposes; apparatus for generating ultrasonic waves for medical use; electronic muscle stimulators for medical use; electronic blood pressure recorders for medical use; padded headrests for surgical use; adhesive support bandages; apparatus for determining blood flow; body temperature meter; belts for surgical use; vibrators being adult sexual aids; apparatus for diagnosing inflammatory diseases; Sexual activity devices, namely, sex toys, vibrators}; latex gloves for surgical use; apparatus for analyzing images for medical use; electro acupuncture devices; apparatus for measuring arterial blood flow in the eye; Dilatation probes for surgical purposes; electronic blood oxygen saturation monitors for medical use; compression tights; Light therapy devices for pain relief, treating depression and fatigue due to lack of sunlight; Ontological devices, namely, devices for blanking out sound; dead skin removers, namely, skin grinders; Diagnostic measuring devices for diagnosing cancer, viral diseases; inflatable pillows for medical purposes; lasers for dental purposes; anesthetic masks; probes connected to microprocessing devices for medical diagnostic purposes; padded neck rests for surgical purposes; medical electrodes; Inhalers for medical purposes sold empty; Inhalers for medical purposes filled with a specific pharmaceutical preparation; head massagers; massage apparatus for medical purposes; telemetry devices for medical purposes; surgical lamps; electrical instruments for medical use for blood diagnosis; analyzers for determining blood groups for medical purposes; body fat meters; Hemostatic devices, namely, suture instruments; electrodes for recording biological parameters; Medical diagnostic equipment, namely, x-ray diagnostic apparatus, ultrasound diagnostic apparatus; blood glucose testing devices; blood glucose meters; electric nebulizers for medical purposes; Heat therapy devices for medical use; belts for medical purposes; hearing prostheses; lamps for generating polarized light for medical purposes; Medical masks, namely, protective masks for medical purposes, oxygen masks for medical use; nebulizers for medical purposes; temperature sensing apparatus for medical purposes; digital hearing aids; heating pads for therapeutic purposes; weight training apparatus for medical use; ultrasonic diagnostic instruments for medical use, namely, x-ray diagnostic apparatus, ultrasound diagnostic apparatus; vibromassagers; face shields

for surgical use; massage gloves; breathing masks for medical purposes; medical latex gloves; computer controlled exercise machines for therapeutic purposes; apparatus for blood analysis; Electrical nerve stimulators for medical purposes; blood pressure monitors; electric thermal compresses for surgical use; electric or non-electric massage apparatus; acoustic amplifiers, namely, hearing aids, for the hearing impaired; Electric oral care apparatus for use by dentists, namely, dental drills, dental picks, oral irrigators; electric beauty massage apparatus for household purposes; exercise machines for therapeutic purposes; electronic stimulation devices for physiotherapy; surgical clothing; Surgical clothing, namely, scrub suits, scrub pants, scrub tops, scrub hats; Hemostatic suture instruments; inserts for breathing masks for medical purposes; low frequency electric apparatus for therapeutic use; electronic blood pressure monitors; physiological monitors for medical use; massagers for beauty care; lighting apparatus for medical purposes; Orthopedic articles, orthopedic devices for diagnostic and therapeutic use; joint bandages with supportive function; medical support hosiery; pressure relieving pillows and pads; electronic hearing aids; elastic compression bandages for medical purposes; inhalation devices for vaporizing aromatherapy substances; Inhalers sold empty for therapeutic purposes; Inhalers filled with a specific pharmaceutical preparation for therapeutic purposes heart rate monitors; elastic bandages for support purposes; massage chair; electric blankets for medical purposes; apparatus for analyzing measured physical signals; adapted bandages; lamps for use with medical devices; light filters for medical purposes; apparatus for testing hearing impairment; medical instruments for recording physiological data; permanent magnets for medical purposes; Leads for heart pacemakers; artificial respiration apparatus; Clothing, namely, scrub tops, scrub pants, scrub hats, headgear, footwear for medical purposes; splints and supports for general medical use; permanent magnets for therapeutic purposes; walking aids for medical purposes; nebulizers for respiratory therapy; electrically operated massage devices; belts for attaching medical monitoring devices to patients; ultrasonic diagnostic instruments for therapeutic use; measuring devices for checking blood pressure; hand operated massage apparatus; apparatus for the electrical stimulation of muscle groups; temperature measuring devices for medical purposes; inflatable mattresses for orthopedic purposes; devices for measuring heart rate; tanning lamps for medical purposes; surgical, heat, infrared lamps for medical purposes; apparatus for therapeutic stimulation of the body; Anesthetic apparatus, namely, liquid anesthetic vaporizers for controlling the vaporization of anesthetic agents from liquid; diagnostic medical examination apparatus for use in immunoassay procedures; hearing aids for the deaf; body composition, skin moisture, hematology analyzers for medical purposes; inflatable clothing for medical purposes; magnetic bracelets for medical purposes; face masks for surgical use; X-ray CT scanners for medical diagnosis; apparatus for measuring lung function; electric beauty massage apparatus; ear adaptors for hearing aids; analyzers for identifying bacteria for medical purposes; bandages for orthopedic purposes; heat lamps for medical purposes; medical examination gloves; Electronic programmers for rate-programmable pacemakers; medical exercise equipment; fluoroscopy apparatus for medical purposes; lasers for medical purposes; massagers for personal use; defibrillators; electric massage rollers; hand operated nebulizers for medical purposes; analog hearing aids; anti-rheumatism bracelets and tires; apparatus for therapeutic stimulation of muscles; humidifiers for medical treatments; programmable hearing aids; Devices for monitoring body values, namely, blood sugar; disposable gloves for veterinary purposes; neck and shoulder massagers; apparatus for autologous blood therapy for medical purposes; hot air vibrators for medical purposes; bags adapted for medical instruments; finger cots for diagnostic purposes; lasers for use in surgery; sex toys; electrodes for recording electrophysiological parameters

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Fitness equipment, namely, weights, treadmills, rowing machines, stair stepping machines, resistance machines, stationary equipment; abdominal wheel rollers for fitness purposes; Fitness equipment, namely, sport balls, dumbbells, exercise weights, training bars for indoor use; Fitness and exercise equipment, namely, exercise bands, training bars; Physical fitness devices, namely, weighted bars, resistance machines; Manually operated fitness equipment, namely, exercise bands, dumbbells, weight machines; Fitness resistance bands; portable games with LED displays; transport cases specially adapted for portable games; Portable home gymnastic equipment, namely, gymnastic mats; portable video game consoles; protective films for screens for portable games; Portable handheld game consoles; portable consoles for playing video games; Portable game equipment, namely, chips, gaming tables, board games; Portable games and toys with integrated telecommunication functions, namely, strategy games, role playing games, first person shooters, skill games; American football knee protectors; knee protection pads for roller skaters and ice skaters; basketball finger guards; protective cases for video game remote controls; wrist protection pads for cyclists; protective pads for athletes; American football leg protectors; palm protectors for athletes; Abdominal protection pads for athletes; Fist guards for athletic use; arm protection pads for cyclists; protective covers for sports rackets; armguards for baseball players; baseball pitching screens; adapted protective cases for handheld video games; protective cups for sports; arm protection pads for skateboarders; protective face masks for fencers; protective films for video game remote controls; wrist protectors for skateboarders; kendo plastrons elbow pads for skateboarders; shoulder protectors for athletes; protective gloves for archery; protective vests for martial arts; knee protection pads for cyclists; arm guards for archery; Groin protectors for men for athletic use; body protection equipment for athletes; wrist protection pads for roller skaters and ice skaters; chest protectors for baseball; Belly protection pads for taekwondo; protective elbow pads for roller-skaters and ice-skaters; chest protectors for athletes; Shin guards for athletic use; elbow pads for cyclists; American football girdles being pants with integrated protective padding; Arm guards being sporting articles; arm protection pads for roller skaters and ice skaters; Shock absorbing pads for protection against injury for athletic use; knee pads for skateboarders; Appliances for gymnastics, namely, uneven bars, springboards, balance beams; electronic educational game devices for children; Chest expanders; bodyboards; rowing machines; machines for playing games of skill or games of chance; leg weights for exercise purposes; hand protectors for athletes; spring grip devices for exercise purposes; spring bars for training purposes; water skis; amusement machines, automatic and coin-operated; Golf training aids, namely, a brace worn on the hand and wrist to control flipping of the hand in a golf swing; manual leg exercise equipment; flying discs; Sports exercise equipment, namely, pulleys, rowing machines, powered treadmills for running; housings for video game machines; ribbons for rhythmic gymnastics; sit-up benches; punching balls for children; beach balls; hurdles for athletics; exercise dumbbells; adapted covers for sporting articles; football gloves; Educational games for developing fine motor, cognitive, counting skills; Bat and ball games; climbing frames for stretching; dumbbells; bags adapted for surfboards; bodyboard straps; Sledges for use in down-hill amusement rides; balls for sports games; jumping ropes; Body training apparatus, namely, weight machines, fitness devices; swimming jackets; kettlebells; Golf practice apparatus, namely, golf practice nets; stress relief exercise balls; action skill games; punching bag; barbells; Toy car racing tracks; treadmills for physical exercise; toboggans; slot machines; Sporting articles and equipment, namely, weight machines, basketballs; weight lifting benches; bodybuilding equipment; juggling balls; ice skates and roller skates; Gymnastics equipment, namely, gymnastic rings, gymnastic mats, gymnastic benches; skateboards; dumbbells; bodybuilding machines; roller skates; surfboards; medicine balls; board games; weight machines for physical exercise; elastic shoulder pads for athletes; climbing harnesses being sporting articles; balls being sports equipment; darts; exercise machines; Gymnastic and sporting articles, namely, gymnastic mats, pommel horses; bags adapted for sporting

goods; skeleton sleds; Badminton game sets; aerobic stepper; swimming boards for recreational purposes; seesaws; boxing gloves; sports ball games; memory games; boards for water sports; inflatable punching bags; multipurpose exercise toys for children; lifting handles for weight lifting; game console controllers; American football gloves; harnesses for sports; yo-yo games; aerobic step boards; squat machines; rugby balls; hurdles for sports purposes; games of skill and movement; rackets for playing tennis; throwing rings games; clothing for toys; boxing rings; exercise balls; inflatable balls for sports; Fencing equipment, namely, foils, gauntlets, masks; Pommel jumping horse; golf tee training equipment; Reconfigurable casino and lottery gaming equipment, namely, gaming machines and recorded operational computer game software therefor sold as a unit; putting mats for indoor putting; punching balls for boxing training; hurdles; slingshots; push-up stands; roller skis; table tennis racket; battery operated computer games with LCD screens; exercise bikes; skipping ropes with digital counters; finger exercise bands; computer game controllers; control devices for toys; trampolines; intelligent electronic toy vehicles; weight lifting belt; aerobic step boards; electronic toy motor vehicles; shin pads being sporting articles

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For AC/DC power supplies, namely, power converters; 3D television receivers; 3D glasses; organic light emitting diodes (OLED); overvoltage protection relays; telephone connection cables; sound recorders; electrical adapters; transponder devices; electronic buzzers; MP4 players; light emitting diodes; Electronic displays, namely, display interfaces, digital signage; Audio CDs featuring music, sounds; car antennas; Flashing safety lights being warning beacons; Ducting for electric cables; Color TV, LCD, computer, OLED, LED monitors; Electrical switchgear, namely, voltage boosting devices for electric power lines; electronic coding devices; ammeters; electric luminous signs; pagers; switching power supplies; connectors for coaxial cables; record players; Audio processing equipment, namely, limiters and compressors; hands-free telephones; connection sleeves for electric cables; video transmitters; electrical sockets; dish aerials; optical transmitters; rechargeable batteries; Electronic door locks, namely, digital door locks; power supplies with voltage stabilizers; transponders; Graphic display devices, namely, display interfaces, digital signage; Satellite transmission apparatus, namely, satellite radios, satellite telephones, satellite dishes, satellite transceivers; junction boxes; Portable power chargers; wireless audio and video receivers; electric accumulators; digital transmitters; Blank optical data carriers; displays for cell phones; Apparatus for speech recording and replaying, namely, speech processors; radio receivers; wireless transmitters and receivers; junction boxes for electrical conductors; Electrical measuring devices, namely, devices for measuring electric current; Timing devices, namely, time clocks; Portable communication devices for voice, data or image transmission; Electric door bells; radio transmitters and receivers; Light dimmers; electric time switches; Portable photography equipment, namely, optical glass filters; TV-cameras; Electro-optical sensors for determining flow; battery cables; downloadable speech analysis software; recorded speech analysis software; active infrared sensors; battery adapters; Anti-theft alarms, not for vehicles; Blank electronic magnetic data carriers; LED drivers; Electric cable adapters; satellite television receivers; Electrical plug device enabling connection and disconnection of power and/or control cables; electronic transformers; Digital display devices, namely, display interfaces, digital signage; Portable audio speakers; insulated electric cables; electronic timers; telephone answering machines; insulation resistance meters; Connection logging devices, namely, multi switches, power switches; sound, noise level meters; light meters; electrical fuse boxes; optical phase sifters; audio cable testers; television, satellite signal decoders; loudspeaker boxes; electric light switches; circuit boards; joint sleeves for optical fibers; CD-Rom burners; Blank magnetic tapes for recording; Electrical test instruments, namely, electrical outlet tester, current tester, voltage tester, field strength tester; electric scales;

magnetic tape drives; Acoustic alarm devices, namely, alarm sensors, reed contacts, alarm sirens; electric and electronic music effects machines for use with musical instruments; electrical power adapters; Optical search devices, namely, night vision devices, TOF cameras; monitor speakers; Emergency position-indicating radio beacons; USB-chargers; electric cables; Wireless weather station instruments; Remote controlled electric sockets; Insulation testing devices, namely, insulation resistance meters; Electric branch switches; electrical adapter cables; Electrical surge arrestees; headsets for cell phones; stereo tuners; barcode decoders; Remotely operated electronic multiple switches; Digital electronic control devices for keyboards, electronic musical instruments, electric heaters and fans, photovoltaic modules, uninterruptible power supply device, solar battery chargers; Emergency alarm signal transmitters; Phase indicators, namely, phase testers; voltage limiters; Acoustic measuring devices, namely, sound level meters; Alarm bells, electric; antenna cables; Current testing devices, namely, pulse generators; radio antennas; Sound effect devices, namely, sound effect pedals for musical instruments; Electrical voltage regulators; masts for antennas; Electrical delay lines for telecommunication machines and apparatus; connection cables; optical readers; battery boxes; speaker cables; Electric branch terminals; voice decoders; Cable jump leads; level converters; ballasts for fluorescent lamps; audio cassette players; Satellite-aided navigation devices; temperature sensors; Electronic measurement devices for measuring electric current; Audio, visual and photographic equipment, namely, audio cables, audio mixers, cameras, video cameras; luminous notice boards; digital amplifiers; antennas; Wireless audio speakers; Personal stereos; circuit breakers; electrical contacts; DC power converters; Multiple-outlet sockets; switches for telecommunications equipment; DVD- players; Electronic probes for testing integrated circuits, testing semiconductors; Playing devices for sound carriers; electronic audio and video signal distribution systems used for the distribution of audio and video signals, and audio time delay units; television receivers; temperature switches; Pre-recorded compact discs featuring music, poetry, user manuals; electronic ballasts for LED-lights and lighting fixtures; satellite telephones; frequency converters; blank videotapes; FM modulators; current overload protection devices; Switches for circuit breakers; portable sockets; electronic charging modules; Electric cable detectors; Surveillance video cameras; neon signs; audio cables; wireless headsets for use with mobile phones; connecting cables; Repeaters for radio and television stations; grounding cables; satellite antennas; Cable ducting for electric cables; photocells for use with security lighting; wireless headphones; analog signal processors; lighting controllers; demultiplexers; voltage regulators; Intrusion sensors being motion sensors; electrical cable connectors; hands-free headsets for cell phones; smoke, infrared, fire, metal, temperature detectors; radio frequency identification tags [RFID tags]; electrical amplifiers; audio timers; multiplexers; Electronic scoreboards; portable digital electronic devices for providing access to the internet; portable DAB radios; electric television sockets; Lighting for darkrooms, namely, photography darkroom lamps; cell phone battery chargers; Electronic control circuits for electronic musical instruments, electric heaters and fans; Testing equipment for testing concrete density; wireless network devices being wireless network extenders for the extreme high frequency range [EHF]; light sensors; tension meters; portable CD players; electronic baby monitors; Terminal blocks for electric cables; Multimedia terminals, namely, digital photograph viewers, 3D digital photograph viewers, LCD displays for video players; satellite receivers; Blank audio disks; voltage monitoring modules; electrical junction boxes; stereo receivers; Electric power distributors; Apparatus, instruments and cables for electricity, namely, electric pressure switches; battery terminals; Audio signal compressors; displays for television receivers; Time code generators, namely, time recording apparatus; audio signal amplifiers; Optical measuring devices, namely, fluormeters; Electrical signs, luminous; camcorders; Portable displays, namely, display interfaces, digital signage; multifunction keyboards; video surveillance cameras; Audio equipment, namely, audio mixers, speakers, limiters and compressors, equalizers; electric cables for the transmission of sound and images; alarm sensors; stereo amplifiers; answering machines; illuminated signs; alarm signal receivers; solar battery

arrays; DVD recorders; electrical relays; amplifiers; video cameras; satellite communications equipment for the super high frequency range [SHF]; electronic cables; quick chargers for mobile devices; Phase shifters for communications apparatus, mobile phones, cellular phones, smartphones; digital video cameras; Portable audio equipment, namely, audio mixers, speakers, limiters and compressors; Infrared remote control devices for radios, televisions, stereos; voltmeters; Universal remote controls for radios, televisions, stereos; electrical transformers; electric notice boards; CDs containing videos in the field of multimedia; video cables; digital measuring instruments; videotape recorders; timers; lithium batteries; luminous advertising signs; temperature indicators; emergency warning lights; Remote controls for radios, televisions, stereos, computers; Test equipment for testing flatness of isurfaces; Electrical monitoring devices for monitoring energy usage; temperature detection devices; Audio cassettes featuring sound, speech; cable television receivers; electric fire alarms; audio receivers; illuminated exit signs; photoelectric sensors; Sound bars; Portable video, cassette, CD, DVD players; electrical conductors; Video disc players; accumulators for solar energy; fiber optic cables; antenna filters; flexible sheaths for electrical conductors; plugs for electric cables; Electrical remote control devices for radios, televisions, stereos; voice operated encoders; electronic bulletin boards; Audio speakers; woofers; Electrical radio, video, stereo, satellite receivers; electronic calculators; TV signal amplifiers; digital audio recorders; optical lamps; light switches; Electric impedance converters; electrical frequency converters; Distribution transformer cabinets; distribution cabinets; emergency signal transmitters; electronic boards; backlit display boards; electrical fuses; electronic power converters; testing apparatus for electronic instruments; antenna system amplifiers; satellite finders; Electrical controllers; Handheld measuring devices for measuring electric current, voltage, sound level, receiving field strength, electrical power, temperature; Lighting control devices, namely, lighting control panels; satellite transmitters; luminous indicators; demodulators; headphone amplifiers; electric current analyzers; television antennas; batteries; wireless network devices for the super high frequency range [SHF]; blank audio discs; Solar modules for production of electricity; solar modules; television decoders; electrical terminal blocks; electrical ammeters; modems; electrical interface cables; remote controls for controlling electronic products; digital still cameras; television receiving dishes; antenna masts; electrical antenna amplifiers; electronic display boards; blank recordable DVDs; illuminated advertising signs; digital thermometers, not for medical purposes; Electrical measuring transducers; motion activated cameras; electronic amplifiers; electrical power supply units; wireless chargers; electronic signal receivers; Antenna signal splitters; Audio books in the field of business advices, operating instructions; Earthing clamps in the nature of earth terminals; video tuners; televisions for digital multimedia broadcasting [DMB]; DAB radios; optical encoders; portable cassette players with radio; telephone terminals; telephone modems; flexible circuit boards; Electronic sensors for electrical power, temperature, contact; satellite dishes; electric current testers; test apparatus for testing printed circuit boards; set-top boxes; electronic anti-theft alarms; power cords; electrical connection cables; Electronic GPS navigation devices; antenna converters; electronic ballasts for lighting purposes; Audio crossovers; rectifiers for electricity; Digital sound mixers; battery testers; Earthing testers, namely, voltage testers; Earthing testers, namely, voltage testers; radios; voltage converters; Smoke sensors, namely, smoke detectors; Electrical fuses; digital signs; Security alarm systems comprised of cameras, motion alarms, alarm sensors, security lights; antenna sockets; Overvoltage protection relays; luminous USB cables; electrical alarm devices; Speech synthesizers, namely, downloadable computer software for the artificial production of human speech ; optical receivers; fire alarms; temperature limiters; Electric solar cells for producing electricity; extreme radio frequency [EHF] satellite communications equipment to transmit communications from one vehicle to another via satellite; static converters; adapter cables for headphones; electric toggle switches; junction boxes for receiving cable connections; ballasts for halogen lights; LED monitors; piezoelectric sensors;

Speech generators, namely, downloadable computer software for the artificial production of human speech; Accessories for electrical insulators, namely, electrical lugs; digital cameras; measuring devices for locating satellites; audio transmitters; voltage stabilizers; electrical distributors; Electronic audio equipment, namely, headphones, speakers, audio mixers; surge protection diodes; current limiters; transformers; power adapters; Transmitting and receiving apparatus for cable television broadcasting; Optical semiconductor amplifiers; radiation, tool, resistance measuring instruments built into photovoltaic systems; electronic calendars; cable locators; cable television converters; digital weather stations; subwoofers; telephone connection sockets; measuring cables; infrared detectors; uninterruptible power supply apparatus; electricity meters; Measuring devices for measuring voltage, sound level, receiving field strength with digital displays; Video effects devices, namely, disco balls; ballasts for electric lights; multimedia multiplexers; spectacles; electronic rectifiers; radio buoys; players for sound and image carriers; telephone intercoms; surge protectors; apparatus and instruments for accumulating distribution of electricity; flexible sheaths for electric cables; battery chargers; measuring devices for electrical fuses; digital televisions; Measuring devices for measuring voltage, gravity, height, receiving field strength, electrical power; solar battery chargers; electrical connectors; flashlights; Light dimmers; luminous safety beacons; digital sound processors; downloadable or recorded remote diagnostic software for interpretation of scans provided by diagnostic imaging equipment; Electric cables and wires; tube amplifiers; Digital temperature, alarm, optical sensors; transmultiplexers; apparatus and instruments for regulating energy; electric power switches; round plug connectors; car speakers; television, radio, level, satellite, data transmitters; heat detectors; Electric circuit breaker switches; digital notepads; Emergency warning lights; radio relays; electronic advertising display devices; photocells; MP3 players; ballasts for halogen lamps; electric charging cables; electric control devices for robots; Digital universal measuring devices, for measuring weight, height, voltage; cameras; digital set-top boxes; LED displays; sound mixers; CD players; digital signage display panels; electric batteries; electric smoke sensors; sound amplifiers; Satellite communication devices for transmitting audio, video; Portable testing equipment for testing sound levels, batteries, electrical current; electronic power supplies; antenna dishes; electrical transmitters for use within the field of fiber optic networks and infrastructure; baby monitors; electric charge regulators; parabolic antennas; blank DVDs; Electrical distribution conductor rails; electronic ballasts for lights; indicator lights for switchboards; audio interfaces; USB cables; electrical line testers; LCD screens; Voltage regulators, namely, voltage dividers; starter batteries; electrical test equipment for power networks; battery, phone, wireless, photovoltaic chargers; digital audio players; piezoelectric switches; ballasts for gas discharge lamps; screen filters adapted for tablet computers; dustproof plugs for mobile phone jacks; Cases specially adapted for MP3 players; cases adapted for notebooks; Cases specially adapted for pocket calculators; covers for telephone receivers; cases adapted for DVD players; cases adapted for netbooks; leather cases for smartphones; Cases specially adapted for storage devices; Protective cases for cell phones; Cases specially adapted for music storage devices; Cases specially adapted for portable media players; cases for computer discs; laptop bags; carrying cases for radios; covers for e-book readers; Protective cases for smartphones; Protective cases for tablet computers; leather cases for portable telephones; Protective cases for cameras; spectacle cases; Cases specially adapted for digital players; laptop sleeves; carrying cases for computer printers; Protective cases for satellite navigation devices; carrying cases for portable music players; carrying cases for computers; carrying cases for contact lenses; cases for personal digital assistants [PDAS]; cases adapted for CD-players; carrying cases for cell phones; Protective cases for cell phones; cases for video cassettes; Protective covers for laptops; carrying cases for mobile computers; Protective cases for photographic apparatus; Protective cases for telephones; Protective cases for headphones; carrying cases for digital music players; Remote controls for mobile electronic devices, namely, laptops, tablets; leather covers for tablet computers; eyewear cases; Protective cases for camcorders; pre-recorded fitness DVDs; Wearable activity trackers, namely, fitness bracelets;

portable smartphones; portable measuring tapes; portable sound recorders; Portable telecommunication apparatus, namely, smartphones, tablets, digital switches being digital telephone switching apparatus, modems, computer network hubs, and wireless routers; portable flash memory devices; portable radios; wrist-worn computers; downloadable mobile applications for use with portable computing devices for spreadsheet management, word processing; portable solar batteries for generating electricity; portable radio transmitters; portable digital electronic scales; portable activity trackers; Portable communication devices in the nature of smartwatches; Portable electronic digital communication devices for transmitting voice, data, images; Portable GPS navigation devices; portable video cameras with built-in video cassette recorders; insulated clothing for protection against accident or injury; safety, swimming, ski goggles; protective suits for aviators; protective work clothing for protection against accidents or injuries; Non- medical environmental protection masks for respiratory protection; biological hazard protection suits; hand-held protective shields for the police; downloadable data protection software; recorded data protection software; protective films for tablet computers; Electric residual current control devices; chest protectors for the prevention of accidents or injuries [other than for sports purposes]; footwear for protection against fire; headgear being protective helmets; sound masking devices for speech privacy; asbestos protective screens for firefighters; safety footwear for protection against accident or injury; safety glasses; mouth guards for use in sports; specially shaped sports bags for protective helmets; protective clothing made from bulletproof materials; safety glasses for eye protection; face masks for protection against accident or injury; anti-glare screens; protective goggles for sports purposes; luminous bracelets for protection against accident or injury; Shin guards for protection against injury, other than sporting articles or parts of sports suits; Protective screens, namely, anti-glare filters for televisions, computer monitors, tablet computers}; Mouth guards for sports, athletic use}; clothing for protection against biological hazards; Protective masks, namely, protective industrial face masks, dust protective masks, protective face masks for the prevention of accident or injury; protective devices for power lines; dust masks; Injury head protection for sports activities, namely, helmets; screen protectors in the form of protective films for cell phones; snow goggles; Eye protection screens for prevention of accident or injury; fire protection clothing; gloves for industrial use for protection against injury; lenses for face shields; protective cases for MP3-players; ski goggles; welding helmet; fire protection masks; protective goggles for motorcyclists; leather clothing for protection against accident or injury; dustproof blind plugs for headphone jacks; Abdominal protection pads for protection against injuries, other than for sports purposes; radiation protection clothing; Air purifying respirators with air filters; protective clothing with breathable properties; protective goggles for sports; face shields, not for medical purposes; adapted protective films for smartphones; protective covers for e-book readers; dust covers for computers; safety gloves for protection against accident or injury; protective covers for PDAS (personal digital assistants); reflective articles for clothing for protection against accidents; helmets for head protection; waterproof survival suits for prevention of drowning; thermal suits for protection against accident or injury; reflective discs for clothing for protection against traffic accidents; protective visors; protective gloves against X-rays for industrial purposes; High visibility reflective clothing; anti-theft apparatus other than for vehicles; protective helmets; Skull protection, namely, protective helmets for protection against injuries; fault-voltage-operated circuit-breakers; asbestos clothing for protection against fire; balaclavas for protection against accidents, irradiation and fire; Protective suits for prevention against accident or injury; Protective lens caps for cameras; headgear for protection against accidents; mouth guards for use in boxing; accident, radiation and fire protection clothing; tempered glass screen protectors for cell phones; dust goggles; filters for respirators, not medical; dust protection filler plugs for cell phones; asbestos gloves for protection against accidents; gloves for protection against accidents; reflective discs for clothing, for protection against traffic accidents; Protective industrial face shields; liquid crystal protective

films for smartphones; thermal protective clothing for protection against accident or injury; eye protection glasses; fire detectors; protective eyeglasses; head guards for karate; head guards for sports; footwear for protection against accidents; elbow guards for protection against accidents (other than sporting articles); downloadable privacy protection software; recorded privacy protection software; anti-glare glasses; multiple socket outlets with surge protection; dust protection filler plugs for charger ports

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Technical advice on energy generation; Preparation of technical feasibility studies in the field of new technologies; Evaluation of product design of others to assure compliance with industry standards; Product development consultation, namely, analysis of product development; development of hardware for compression and decompression of multimedia content; Product safety review, namely, product safety testing services; services of a graphic artist; new product development; Implementation of quality audits, namely, safety auditing to improve safety of new products; video game software development; technical advice in the field of lighting technology; video game hardware development; development of hardware for digital signal processing; Programming of multimedia applications for others; Development of industrial processes in the field of artificial intelligence; Graphic services, namely, graphic design; new product design; design and development of software for electronic television program guides; development of diagnostic equipment; Computer design for others; consultancy in the field of telecommunications technology; development of hardware for processing and distribution of multimedia content; encryption of digital music; electronic storage of images; hardware and software consulting; product research; development of industrial products; advice in the field of technological development; Creation of draft designs of plans and engineering drawings for others; development and design of digital sound and image carriers; design of measuring systems; development of test equipment for electric wires; design and development of software for controlling, regulating and monitoring solar energy systems; providing information on industrial design; preparation of technical reports by engineers; design of hardware for storing and retrieving multimedia data; Advice relating to quality control of new products for others; development of generator sets; providing information on product design; preparation of technical reports; creation of technical operating instructions; programming of video and computer games; design of lighting systems; design of hardware for digital signal processing; evaluation and analysis of product development; evaluation and analysis of product design; advice relating to quality assurance; preparation of expert opinions relating to industrial design; design and development of consumer products; design and development of multimedia products; consulting services in the field of technology design; advice on the design of packaging; development of image processing software; design of hardware for audio and video operators; packaging design services; engineering services in the field of telecommunications technology; hardware development; mobile phone design; design of display systems for advertising purposes; new product design and testing; design of diagnostic equipment; product quality inspection; development of software for audio and video operators; consumer product design; industrial design; development of hardware for storing and retrieving multimedia data; design and development of new products; development of hardware for converting data and multimedia content from different protocols and into different protocols; development of measurement and test methods; rental of measuring devices; assessment of product quality; evaluation of measured values; design and development of word processing software; development of interactive multimedia software; testing the functionality of apparatus and instruments; Advisory services in the field of energy measurement to improve energy efficiency; design of brochures; design and development of technical products; preparation of expert opinions relating to graphic design;

design and development of image editing software; advisory services relating to product development; decryption of data; engineering services; development of software for compressing and decompressing multimedia content; product design and development; analysis of product design; electronic storage of audio files; Measurement evaluation services in the field of energy consumption, energy generation; development of software for storing and retrieving multimedia data; Fashion design consulting services; providing information in the field of product development; technical advice relating to product development; development of consumer goods; development of technologies to protect electronic networks; Conducting industrial rests in the field of electricity; research and development of new products; monitoring of computer systems for the detection of unauthorized access and data protection violations; IT consulting services, namely, IT security, protection and repair services; design of protective clothing; creation of environmental protection information; computer security threat analysis to protect data; design of engineering structures for flood protection; consultancy on research in the field of environmental protection; research in the field of environmental protection; services for protection against the unsolicited sending of bulk messages; environmental measurements inside buildings; computer virus protection services; computer security services to protect against illegal network access; advisory services relating to environmental protection; technical advice on fire protection; advice in the field of environmental protection; compilation of information relating to environmental protection

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

RELATED PROPERTIES INFORMATION

International Registration 1678138 **International Registration Date** Feb. 18, 2022

GOODS AND SERVICES INFORMATION

For Automobiles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Appliances, namely, refrigerators, thermostats, and wearable air purifiers, providing weather and meteorological information

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Educational services, namely, providing conferences, classes, webinars, exhibitions, symposiums, workshops, presentations, technical educational demonstrations, and training seminars, all in the field of weather and meteorological information

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Advertising, promotion and marketing services related to all industries for the purpose of facilitating networking and socializing opportunities for business purposes

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable software and mobile application in the fields of weather, meteorology and climatology for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable software and pre-installed applications for mobile telephones in the fields of weather, meteorology and climatology for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable mobile applications for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable computer application software for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable computer software for controlling networked devices in the internet of things (IoT), namely, cars, household appliances, multimedia devices, display screens, watches, HVAC systems

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication services, namely, providing electronic message alerts via electronic interface, the internet, computers, tablets and mobile electronic devices; Streaming of meteorological information, weather forecast information, including via mobile or cellular telephones, smartphones, a global information network or wired and wireless electronic media

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Clothing, namely, shirts, jackets, footwear, hats, caps being headwear, and stocking caps

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Providing a website that gives users the ability to create customized web pages featuring user-defined profiles; Providing information and content selected and customized based on the known or estimated geographical location of an Internet, mobile, or other wired or wireless digital network based device; providing on-line, non-downloadable software for receiving, generating, and displaying data and weather-related information and imagery; providing on-line, non-downloadable weather information software for processing and displaying weather data and forecasts; providing a website featuring information in the fields of weather, meteorology, cartography, and mapping; Application service provider featuring application programming interface (API) software for integration of weather content into internet-enabled devices and platforms, other data display devices, and online websites for events, users, third parties, internet services, and software applications; providing a website featuring technology that gives users the possibility to create customized web pages featuring user-defined profiles; providing an on-line computer database featuring weather data and related graphs, maps, charts, displays, news and information; providing a website featuring temporary use of non-downloadable software allowing website users to post or upload weather-related information, data, videos, commentary, and images

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Packaging machines; pumps for machines; glass-working machines; mine borers; agricultural machinery, namely, forage harvesters; electric kitchen machines, namely, grinders, crushers, mixers, juicers, fruit and vegetable detoxification machine being vegetable slicers, and vegetable peelers; cutters being parts of machines, namely, milling cutters being parts of machines; machine tools for breaking up road surface, for the cutting and forming of materials, for the forming and riveting of metal; machines for making electric batteries; electric shoe polishers; electric hair clipping machines for animals; electric door openers; electric machines and apparatus for cleaning, namely, electric steam cleaning machines, electric floor, carpet, and compressor cleaning machines; electroplating machines; electric welding machines; machines for electronic industry, namely, machines for the manufacture of circuit boards and computer hardware; machines for electronic industry, namely, machines for the manufacture of semiconductors, memory chips, and liquid crystal display devices; engraving machines; dynamos; valves being parts of machines; motors, other than for land vehicles; propulsion mechanisms in the nature of motors, other than for land vehicles; hand-held power and machine tools, other than hand-operated in the nature of power-operated grinders, buffers, boring tools being metalworking machine tools, milling cutters, drilling tools being metalworking machine tools, drills, screwdrivers, hammer drills, cutting machines, saws, sanders, polishers, wrenches, planers, routers, engraving machines, hot melt glue guns, hot adhesive guns, spray guns for paint, staple guns; disintegrators for chemical processing; wind-powered electricity generators; stitching machines; high pressure washers; lawnmowers; optics cold-processing machines, namely, machines for the production of optical lenses; fertilizer making machines; electromechanical machines for chemical industry, namely, industrial mixer for mixing liquids in chemical industries; saw machines; belts for machines; stands for machines; milking machines; power-operated angle grinders; mixing machines; metal working machines, namely, bending, broaching, boring, cutting, drilling, milling, tubing mill, and honing machines for metalworking; compressed air machines; machines for making zippers; centrifugal mills; machines for making coal briquettes; woodworking machines, namely, saw-tooth setting

machines, sanding machines, circular saws; ignition devices for internal combustion engines of land vehicles; agricultural machines, namely, harvesters, combines, threshers, cultivators, disk harrows, seeders, watering machines in the nature of pumps for irrigation units, power-operated grass trimmers; electric floor polishing machines and apparatus; electric polishing machines for use in grinding and polishing metal, wood, ceramics and plastics; paint spraying machines; cranes for lifting and hoisting; pneumatic hammers; machines for separating gas; pneumatic cylinder being part of machines; cutters, namely, cutting machines; textile sizing machines; oil-well pumps specially for petroleum, namely, oil-well pumping machines; aerating pumps for aquaria; laundry washing machines being clothes washing machines; filter presses in the nature of machines for separating solids and liquids for industrial purposes; tobacco processing machines; industrial printing machines; gluing machines, namely, plywood gluing machines, electric glue guns; vacuum cleaners; steam engines, not for land vehicles; trimming machines, namely, paper trimming machines for commercial or industrial use, electric lawn trimmers, electric hedge trimmers; power driving weaving looms, namely, automatic looms, power looms; corrugated paperboard making machines; machines for manufacturing diaper-pants of paper; tea processing machines; machines for making bulbs, namely, glass-working machines; leather-working machines; cord making machines; electromechanical food preparation machines in the nature of electric food processors; enamel making machines; machines for making wires and cables; machines for making needles; bearings being parts of machines; foundry machines in the nature of casting machines; bicycle assembling machines; drilling heads being parts of machines, namely, power drill bits; brick making machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Electric pocket warmers for warming hands; extractor hoods for kitchens; light bulbs; electric hair dryers; electric lamps; electric heating apparatus in the nature of heating installations, solar collectors for heating, electric heating fans; electric radiators; electrically heated clothing; electric kettles; fans for air conditioning apparatus; pipes being parts of sanitary installations; water purifying machines, namely, electric water purifier for household purposes; humidifiers for household purposes; air purifier for household purposes; germicidal lamps for purifying air; air purifying apparatus and machines; air-conditioning installations; refrigerating appliances and installations; cooling appliances and installations, namely, cooling evaporators, cooling installations for water, beverage-cooling apparatus; taps being faucets for washstands and bidets; gas stoves, namely, gas burners; cooking apparatus and installations, namely, electric cooktops, microwave ovens, cooking ranges; cooking apparatus and installations, namely, electric coffee machines, electric rice cookers, bread making machines, electric appliances for making yoghurt, and electric cooking ovens; friction lighters for igniting gas, not for smoking; heat guns; fluorescent lighting tubes; electric torches for lighting; water purifying apparatus and machines; water purification installations; searchlights; sanitary apparatus and installations, namely, steam rooms, urinals being sanitary fixtures, and hand wash basins being parts of sanitary installations; fog machines; disinfectant apparatus, namely, disinfectant dispensers for toilets, disinfectant apparatus for medical purposes, and apparatus for disinfecting water; cocks for pipes and pipelines being parts of sanitary installations; lava rocks for use in barbecue grills; oil lamps; bath installations; lights for vehicles; lighting apparatus, namely, lighting installations; automatic watering installations, namely, automatic faucets, water filtration units for domestic, commercial, and industrial use, watering machines for agricultural purposes

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Office machines and equipment rental; advertising services; bookkeeping; systematization of information into computer databases; online advertising on a computer network; personnel management consultancy; business administrative services for the relocation of businesses; rental of sales stands; sponsorship search; retail store services featuring pharmaceutical, veterinary and sanitary preparations and medical supplies; wholesale store services featuring pharmaceutical, veterinary and sanitary preparations and medical supplies; employment agency services; rental of vending machines

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Semi-conductors; fire, smoke, gas, burglar alarms; lightning arresters; surveying instruments; square rulers for measuring; distance and radioactivity measuring apparatus; pressure measuring apparatus; ultrasonic thickness gauge; measuring rulers; sensors, namely, electric, optical, pressure, and temperature sensors; electric navigational instruments; electric measuring devices, namely, clamp meters for measuring electricity, electric devices for measuring electric current, digital multimeter, voltage testers, electric resistance meters, and capacitance meter; electric plugs; electric sockets; electric batteries; chargers for electric batteries; electronic video surveillance apparatus, namely, cameras, security mirrors for surveillance, security surveillance robots; electrical contacts; electrolysis apparatus for laboratory use; electric switches; electric door bells; electric couplings; capacitors in the nature of condensers; electric locks; materials for electricity mains, namely, electrical wires and cables; covers for electric outlets; electric theft prevention installations, namely, theft alarms, burglar alarms, electric locks; electronic notice boards; electronic chip cards, namely, blank electronic chip cards, encoded electric chip cards for identifying particular users of computers and mobile telephones; electronic slide calipers; pre-recorded DVDs featuring animated cartoons; intercoms; protective industrial face masks for the prevention of accident or injury; clothing for protection against accidents, irradiation and fire; gloves for protection against accidents; lasers, not for medical purposes; photographic, electrostatic, thermic photocopiers; protection devices for personal use against accidents, namely, protective face masks for the prevention of accidents, clothing for protection against accidents, garments and clothes for protection against fire, protective work gloves, protective glasses, and protective shoes for protection against accidents and fire; knee-pads for workers; protective safety boots for industrial use; radiological apparatus for industrial purposes, namely, x-ray security scanners, x-ray fluorescence analyzers; industrial endoscope cameras; optical apparatus and instruments, namely, optical sensors, optical lamps, optical scanners, optical filters, optical fibers; light conducting filaments, namely, optical fibers; tachographs, namely, apparatus for recording vehicle distance, speed, and usage; marking gauges for joinery purposes; chemistry apparatus and instruments, namely, laboratory glassware, laboratory chemical reactors, laboratory columns for use in chemical synthesis; thread counters, Geiger counters, and air particle counters; downloadable computer software programs for data management, for on-line shopping and for processing electronic payments for others; downloadable computer software programs using artificial intelligence for use in software development, machine learning, and facial and speech recognition; computer network switches; computer network bridges; tape measures; video phones; air analysis apparatus; electricity control panels; measures being measuring apparatus, namely, angle finders, laser distance meters, water temperature gauges, measuring spoons, measuring cups, pocket calipers for measuring, height measuring instruments; fire extinguishing apparatus; distance measuring apparatus in the nature of dial indicators; micrometer gauges; ear plugs for divers; heat regulating apparatus, namely, electric control devices for heating management; face identification apparatus, namely, biometric scanner for the security identification of persons; biometric fingerprint door locks; video monitor; video screens; level indicators in the nature of leveling rods being instruments for determining the horizontal; voting machines; internet network router; radio

receivers and transmitters; radio signal tuners; wireless routers; eyeglasses; counterfeit coin detectors; cabinets for loudspeakers; remote control apparatus for power tools and household electric appliances, namely, remote controls for air-conditioning apparatus; mobile power supplies, namely, rechargeable batteries; slide calipers; document printers for use with computers; speed checking apparatus, namely, speed indicators for vehicles; rearview cameras for vehicles; cameras for photography; electronic ticket dispensers, namely, electronic lottery ticket and parking lot ticket dispensers, ticket issuing machines

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Table cutlery, namely, knives, forks and spoons; perforating tools, namely, drill bits for hand drills; hand tools, namely, graving tools; instruments and tools, namely, hand-operated knife, scrapers, and pliers to aid in skinning animals; hand tools, namely, riveters; hand-operated abrading tools; hand-operated agricultural implements, namely, broadforks, chicken pluckers, cider presses; sabres being swords; hand-operated hand tools, namely, hand-operated cutting, riveting and chiseling hand tools, drills, screwdrivers, saws, wrenches, clamps, hammers, planers, bolt cutters, nippers, punches, riveters, shovels, hex keys wrenches, crimp wrenches, hand jacks, manually-operated grinding wheels; hand-operated guns for the extrusion of mastics; hand-operated lifting jacks; handles for hand-operated hand tools; secateurs; manicure sets; harpoons for commercial fishing; hand-operated garden tools, namely, trowels, weeding forks, spades, hoes, pruning knives; trowels for mason; bits being parts for hand tools, namely, bits for hand drills; hand operated hand tools, namely, metal vice jaws and bench vices being hand-operated implements

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Home and office automation hubs comprised of voice-activated speakers, computer hardware and software for controlling networked devices in the internet of things (IoT); downloadable and recorded computer software for use to connect and control internet of things (IoT) electronic devices; devices for home and environmental monitoring, control, and automation, namely, wireless and wired controllers for controlling lighting, HVAC systems, security systems, kitchen appliances, home appliances, temperature control systems, humidity sensors, smoke sensors, door and window sensors, and cameras; security surveillance apparatus, namely, electronic components of security systems; alarm monitoring systems; computer software for use in sharing and transmission of data and information between networked devices for the purposes of facilitating home and environmental monitoring, control, and automation; calculating machines and data processing equipment; home automation control devices, namely, home automation hubs using artificial intelligence comprised of voice-activated speakers, computer hardware and software for use to connect and control internet of things (IoT) devices in home automation hubs; stand-alone voice controlled electronic information devices, namely, cloud-connected and voice-controlled smart audio speakers with virtual personal assistant capabilities; security control apparatus, namely, security alarm controllers;

photographic apparatus and instruments, namely, cameras, video cameras, cases adapted for photographic equipment, and camera mounts; optical apparatus and instruments, namely, optical profiles, optical scanners, and optical sensors; apparatus for recording, transmission or reproduction of sound or images; computer hardware and software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing images, audio, video and data files; wireless communication devices for voice, data, or image transmission; Telecommunications transmitters, namely, voice and data transmitters and receivers; computer software for wireless content delivery; electronic locks, motion sensors, door alarm sensors, alarm sensors, carbon monoxide detectors, smoke detectors, and combination carbon monoxide and smoke detectors, and audio speakers; video monitors; security cameras; video cameras for monitoring the interior and exterior of residences and commercial buildings, and wireless controllers for remote monitoring, control, and automation of cameras; video streaming devices, video recording devices, and video receiving devices, namely, digital cameras; cameras; webcams; apparatus and devices providing night vision, namely, night vision sensors and night vision cameras; camera mounts and stands; environmental hazard detectors, namely, sensors that detect and record the presence of water, humidity levels, heat, temperature, movement, motion, and sound, not for medical use; closed circuit television apparatus and cameras, namely, closed circuit TV systems for security and surveillance, in the nature of cameras, switchers, monitors, microphones, and recorders; security lights, namely, for outdoor use; baby monitors; pet monitors and pet viewing units, namely, remote video monitoring system consisting primarily of a camera and video monitor for recording and transmitting images to a remote location; parts, fittings and accessories for all the aforesaid goods, namely, cases adapted for cameras, mounts for cameras, audio speakers, batteries, and battery chargers; security software, namely, software for monitoring security camera footage and home security systems; security software, namely, software to control building access and security systems; computer software and software applications for mobile phones, tablets, and desktop computers, namely, software for use in monitoring home security systems, for controlling home devices and systems, and for use in electronic storage of data; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by electronic devices, systems, and interchanges that exchange data via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications related to internet connected consumer electronic devices; voice command and recognition software for use with Intelligent personal assistant; computer software used for controlling stand-alone voice controlled information and personal assistant devices in the nature of home and office automation hubs and intelligent personal assistant devices; computer software for remote monitoring and analysis of environmental conditions, home and office security systems, and home and office devices and systems

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Platform as a service (PAAS) featuring computer software platforms for monitoring, operating, and automating home, office, and environmental control systems; Software as a service (SAAS) featuring computer software for monitoring, operating, and automating home, office, and environmental control systems; application service provider featuring application programming interface (API) software for home and environmental monitoring, control, and automation; Platform as a service (PAAS) featuring computer software for use to connect and control internet of things (IoT) electronic devices, namely, home and office automation hubs and wireless and wired controllers, and controlled devices, for lighting systems, HVAC systems,

security systems, appliances, temperature control systems, humidity sensors, smoke sensors, door and window sensors, stereo systems, home theater systems, and cameras; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, home and office automation hubs and wireless and wired controllers, and controlled devices, for lighting systems, HVAC systems, security systems, appliances, temperature control systems, humidity sensors, smoke sensors, door and window sensors, stereo systems, home theater systems, and cameras; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices in the nature of home and office automation hubs and wireless and wired controllers, and controlled devices, for lighting systems, HVAC systems, security systems, appliances, temperature control systems, humidity sensors, smoke sensors, door and window sensors, stereo systems, home theater systems, and cameras; providing online, non-downloadable Internet-based software applications for the control and operation of security and anti-theft video cameras; Providing on-line, non-downloadable, Internet-based voice command software applications for monitoring, operating, and automating home, office, and environmental control systems; computer services, namely, providing an internet site featuring technology that enables users to use in home and environmental monitoring, control, and automation systems; computer services, namely, providing an internet website portal featuring technology enabling users to remotely interact with home and environmental monitoring, control, and automation systems; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing and analyzing online audio and video; providing temporary use of on-line non-downloadable software for the management and transmission of data; design and development of computer hardware and software; electronic monitoring of computer systems by remote access to detect home security breaches, changes in temperature by automated environmental systems, alerts from networked kitchen appliances, and environmental hazards; installation, maintenance and repair of computer software; providing temporary use of on-line non-downloadable cloud computing software for recording and storage of data, namely, data related to security and home and environmental monitoring, control, and automation; electronic storage of electronic media, namely, images, text, audio, and video data in the fields of security and home and environmental monitoring, control, and automation; providing an online non-downloadable internet-based application featuring technology enabling users to share videos; providing an on-line network environment that features technology that enables users to share data; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing, and analyzing data; information technology support services, namely, help desk services and technology advice provided to consumers by means of a support hotline; provision of technical support, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; consultancy services in the fields of computer security, computer platforms, computer technology, information technology, and telecommunications technology; consulting services in the fields of home and office automation; consulting services in the field of software as a service (SAAS); consulting services in the field of cloud computing; consulting services in the field of providing online, non-downloadable software and applications; consultation about the maintenance and updating of computer software; technical advisory services relating to computer programs, online, non-downloadable software and applications, and troubleshooting in the nature of diagnosing problems with electric security devices; advisory services in the field of product development and quality improvement of software
